## 4 Millworkers Drowning Victims At Great Central

Two Others Reach Shore After Party  
One in Hospital

PORT ALBERT (CP)—A belated thanksgiving party ended in death early yesterday for four of six millworkers when their small rowboat capsized in the chill, fog-shrouded waters of Great Central Lake.

John Ferguson, 65; Edward Benson, 53; Andrew McPherson, 48, and Clarence Brenne, 25, were drowned when their small craft started shipping water, then turned over as they were rowing to a houseboat some 100 yards offshore.

Clifford Gowler and Park Miles, the other members of the party celebrated last Thursday's United States Thanksgiving Day, the only ones of the six who could swim, made for shore and aid while their companions clung to the overturned boat.

Apparently numbed by the chill waters, the four were unable to hang on and had disappeared when a rescue party reached the scene.

Miles was taken to hospital suffering from exposure and a coroner's inquest was held over pending his recovery.

The six men, all employees of Bloedel, Stewart and Welch Logging Company here, had taken a small boat from which the outboard motor had been dismounted and towed to Ralph Emery's houseboat 50 yards from their boat house. After dinner at Emery's they started for another houseboat 150 yards distant.

They had covered half the distance and were opposite the Stamp River which empties into Great Central Lake, when the boat began shipping water over the low stern.

### STRUCK OUT FOR SHORE

Suddenly the craft turned over, dumping its occupants into the lake. Telling their four companions to hang on to the boat, Gowler and Miles struck out for shore in the early morning darkness.

A number of men from Great Central, logging community of 500 population on the lakeshore, had gathered when the swimmers reached safety, attracted by cries for aid when the boat capsized.

A rescue boat put out immediately but found no trace of the four men.

Later a police boat recovered all four bodies. That of Ferguson was floating some distance from the scene and police said they believed the 65-year-old sawyer had died of heart trouble induced by the excitement and plunge into icy water.

Benson and Ferguson were unmarried.

McPherson was a brother of J. C. McPherson, manager of Pemberton Realty Corporation, large Vancouver real estate firm. Like Brenne he is survived by a widow and three children.

### CHINAMAN ATTACKED

VANCOUVER (CP)—Two men who attacked Sun Young, Chinese, in front of his home Sunday night are sought by police today.

The men are said to have hit the Chinese several times in the face before they were frightened away by arrival of other tenants of the house.

### THE WEATHER

VICTORIA, 9 a.m. today—A moderate depression is centered southwest of Vancouver Island, while over the interior of British Columbia pressure remains high. The weather has become milder throughout this province, with showers on the coast. Temperature has moderated on the prairies.

## Fordham Johnson Called By Death

Former Lieut.-Governor Dies in Vancouver On 72nd Birthday

VANCOUVER (CP)—Hon. John William Fordham Johnson, former Lieutenant-Governor of British Columbia who had been in failing health for some time, died at his home here early this morning on his 72nd birthday. He is

LATE HON. J. W. FORDHAM JOHNSON

survived by his widow, two daughters, Mrs. F. G. C. Wood, Vancouver, and Mrs. Geo. C. Jones, Victoria, and a stepson, Donald Ridley, in London, England.

Prominent for many years in the business life of the province, Mr. Johnson was sworn as Lieutenant-Governor August 1, 1931, and served in that capacity until 1933 when he was succeeded by Hon. Eric Werge Hamber, still in office.

Mr. Johnson for many years had been chairman of the board of British Columbia Sugar Refining Company Ltd. here.

Born November 28, 1866, at Spalding, Lincolnshire, England, the son of John Norton Johnson and Elizabeth Newling Johnson, he came to Canada in 1898 after being educated privately by tutors, and serving several years on the staff of the Bank of British Columbia in Portland, Ore.

He continued in the bank's service until it was amalgamated with the Canadian Bank of Commerce a few years later when he joined the sugar company as an accountant.

In 1905 he was named manager of the company's Fiji branch, and two years later returned here as company secretary. He was promoted to vice-president in 1918 and in 1920 to president.

In addition to his sugar company activities, he was a member of the advisory board of the Royal Trust Company Ltd., and chairman of Albion Land Company here.

Mr. Johnson was an enthusiastic golfer and fisherman, and was a member of the Vancouver Club and Jericho Golf and Country Club. He was also a member of clubs in Victoria and London, England.

Funeral arrangements have not been completed.

A wide circle of friends in Victoria will mourn the passing of Mr. Johnson. Although ill-health necessitated curtailment of his activities during his regime at Government House, he and Mrs. Johnson proved popular hosts.

Their daughter, the former Tillie Fordham Johnson, was married to Capt. G. C. Jones, now in command of H.M.C.S. Ottawa, while they were residents at Government House.

Mr. Johnson built at Qualicum, Vancouver Island, a beautiful country home and spent much time there. It was the frequent scene of social gatherings and was considered one of the finest country estates in British Columbia.

## FRANCO RESUMES VALENCIA DRIVE

HENDAYE, France (AP)—Insurgent troops went over the top at dawn today in the Nules sector, renewing the long-dormant insurgent push toward Valencia on Spain's eastern seaboard.

The drive toward Valencia was halted five months ago when a government offensive in the Ebro River region diverted insurgent forces to that front.

Government dispatches said insurgent aircraft had bombed their own positions by mistake at Camaneja, south of Teruel. Government commanders said the bombing was intended to herald the start of a new offensive on the Teruel front.

## 1 Dead, 3 Missing In Crash of Big British Airliner

Wreckage of Flying Boat Calpurnia Found In Lake in Iraq

Carried Indian Mail

LONDON (AP)—Imperial Airways today announced the flying boat Calpurnia had been found wrecked in Lake Ramadi, Iraq, with one of the crew dead, three missing and two injured.

A searching party recovered the body of Wireless Officer B. B. Rees, and gave first aid to Steward D. E. Anderson and Station Officer Harrison, who were injured.

Pilot Capt. E. H. Attwood, First Officer A. N. Spottiswoode and Flight Clerk F. G. Ubee were missing.

A Royal Air Force rescue party sent news of finding the plane to the air base at Lake Habbaniyah, about 15 miles distant. The plane was found smashed in eight feet of water.

The Calpurnia left Southampton November 25 with mail and cargo for India. After hopping from Tiberius, on the Sea of Galilee, yesterday, the plane was last reported at 6:32 p.m., Sunday, nearing Lake Habbaniyah.

### Imredi Is Again Hungary Premier

BUDAPEST (AP)—Bela Imredi was reappointed yesterday to the premiership he resigned last Wednesday in the face of dissatisfaction over his failure to bring about a settlement of the part of Czechoslovakia.

Admiral Nicholas Horthy, regent of Hungary, in effect reconsidered his acceptance of Imredi's resignation and announced it would be disregarded.

Imredi and his cabinet quit after the government was voted down on a test ballot, 115 to 95.

## Maritime Storm Havoc \$1,000,000

HALIFAX (CP)—The Maritime estimated damage at more than \$1,000,000 today after the second blizzard in 48 hours swept the seacoast provinces. Most of the losses were counted in New Brunswick but western Nova Scotia also suffered heavily.

The second storm roared in from the seas yesterday piling up snow on highways newly opened after a blizzard battered the three provinces Friday night. Fears were held for the safety of two Prince Edward Island fishermen, believed caught in the gale as they sailed in open boats up the north shore Friday night.

Seven ships reached Halifax, battered by heavy seas off the Nova Scotia coast. Four others were overdue. Officers of the West Indies freighter Lillmore said they had run through a 100-mile-an-hour blow.

## Sentenced To Life

OLYMPIA, Wash. (AP)—Facing life in prison after his conviction with three others for first degree kidnapping, Dr. Kent W. Berry, 50, hauled charges of "framing" in the jealousy kidnapping of a Olympia automobile salesman. All defendants said they would appeal the verdict. (Dr. Berry is seen in the above picture sobbing during his trial. His wife and his mother are with him.)

Dr. Berry was charged with the kidnapping and torture of Irving Baker, 37, former United States Coastguard officer, after accusing Baker of raping the physician's 27-year-old wife after a week-end July 4 party. Baker denied any assault.

Kidnaping is punishable by death under Washington law, unless the jury specifies life imprisonment.

## New Oak Bay Seat Approved

House Committee Passes on Plan Reducing City to Three Members

Changes in the Victoria provincial riding which creates a separate seat of Oak Bay taking in that municipality plus Ten-Mile Point, and reduces Victoria City's membership from four to three were given the approval of the Legislature's redistribution committee this morning.

R. L. Maitland, K.C., Conservative Leader, and R. W. Bruhn, Conservative, Salmon Arm, were the only ones opposing it, Mr. Bruhn calling it a straight gerrymander that was unfair.

Mr. Speaker Norman Whitaker, who represents Saanich, appeared before the committee and said he had no objection to Ten-Mile Point being moved into the new riding, although it was immaterial.

W. T. Straith, Liberal, Victoria, said the creation of the new riding was quite logical, because both Esquimalt and Saanich had separated ridings, while Oak Bay did not. Herbert Anscomb, Conservative, Victoria, asked why the boundary was not limited to the municipality itself instead of taking in Ten-Mile Point.

Hon. John Hart, Minister of Finance, gave his approval of the change.

### HUNTER PROTESTS

Protest against the plan was voiced by Dr. J. A. Hunter, Conservative member for the city.

He said the change was unreasonable, because sooner or later a Greater Victoria area, including Oak Bay, would be formed, making the whole area a municipal entity. There was already a move for a metropolitan health area and a metropolitan police area, he pointed out, and many of the Oak Bay residents were tied to Victoria by their work.

"It's a funny thing about these various boundary changes," Dr. Hunter said, "but they all seem to affect opposition ridings."

"How can you say that?" said E. T. Kenney, Liberal, Skeena, the committee chairman. "Nearly every riding is affected."

"Just look at the little green book (the detailed report of last election votes) and you'll have the answer," said Dr. Hunter. "The Liberal ridings aren't changed much."

R. L. Maitland, K.C., Conservative leader, asked Dr. Hunter if he had been consulted about the change by G. W. Phillips, registrar of voters, who made the new boundary recommendations.

"No," replied Dr. Hunter.

"But neither was I," said W. T. Straith, Liberal, Victoria. "So there's no politics in that."

H. G. Perry, Liberal, Fort George, said that strangely enough every government that had brought in a redistribution bill had faced defeat or near defeat at the following election.

"I don't know whether there is any connection, but it is a fact," he said.

"My view is that a party doesn't bring a bill like this in until it is licked," said Mr. Maitland.

"Let's stop this. We don't need to talk politics here," said R. W. Bruhn, Conservative, Salmon Arm.

With three Liberal members joining opposition votes, the committee decided against a proposal to shift part of the C.C.F. Vancouver East riding into Point Grey.

## French Strike Plans Upset

PARIS—The Daladier government's campaign today opened gaps in labor lines drawn up for a 24-hour strike Wednesday.

Labor Minister Charles Pomaret announced he had received assurances department stores, banks and insurance companies all would remain open despite the strike called by the General Confederation of Labor.

Independent unions, including the General Confederation of Christian Workers, also proclaimed opposition to the strike, called to protest Premier Daladier's labor-finance policies.

The deadlock between the government and the principal unions persisted, however.

The unions' determination to strike and the government's insistence public services be maintained aroused widespread apprehension. Appeals were made to both sides to avoid any dangerous action.

## Alberta Brothers Win Grain Crowns At Chicago Fair

F. L. Rigby, Wembley, Is Wheat King; W. J. Rigby Top in Oats

Reward Wheat Best

CHICAGO (CP)—Two young brothers from Wembley, Alta., are recognized today as world's champion growers of wheat and oats, crowned "kings" at the International Grain and Hay Show here.

Francis Lloyd Rigby, 23, won the coveted wheat championship yesterday with a sample of Reward to mark the seventh consecutive year the variety developed by the Canadian Government Experimental Farm at Ottawa in 1924 had won here. It was the 24th Canadian victory in 28 years of the competition.

His 22-year-old brother, W. Justyn Rigby, won for Canada its 11th oats championship since 1920, 10 of them taken by Albertans.

The brothers and their father operate a 320-acre farm at Wembley in the heart of the famous Peace River country, 250 miles northwest of Edmonton and home of Herman Trelle, five-time winner of the wheat title. Another wheat title was won in 1934 by 20-year-old John B. Allsop of Wembley.

Only other wheat winner was Seager Wheeler of Rosthern, Sask., now devoting his time to development of fruit that can be grown on the western prairies.

Lloyd Rigby's sample of Reward, weighing 65.6 pounds, was rated by the judges one of the finest samples of hard red spring wheat they had ever seen. Lloyd succeeds as champion Gordon Gibson of Ladner, B.C.

Trelle was second to Rigby in hard red spring wheat, and the reserve wheat championship went to R. P. Robbins of Shaunavon, Sask., with a sample of Durum Mindum.

Justyn Rigby's winning sample of Victory oats, weighing 48.8 pounds, made him successor to Alex M. Stewart of Alls Craig, Ont., as oats king. The reserve oats championship went to Paul Swisher of Hotchkiss, Colo., with a sample of Colorado number 37.

None of the Canadian grain winners was here to receive awards.

Canadians won other championships. H. J. Davis of Edfield, Sask., took top honors in field peas, the reserve title going to Douglas Gibson of Ladner, B.C.

## Refugees Pour Into Hongkong

HONGKONG (AP)—Japanese troops mopping up Chinese guerrilla resistance on the borders of British territory today reported they had inflicted 1,000 casualties and now were turning their campaign against scattered Chinese units farther inland.

Japanese field dispatches indicated the present drive, which has brought fighting to the edge of this British crown colony, was designed to destroy whatever faith Chinese may have left in the "protection" afforded by having areas of foreign influence nearby.

A number of villages were reported to be burning fiercely in the region while thousands of refugees, some of them wounded, poured across the border into Hongkong.

Ragged and dirty, 800 Chinese soldiers arrived from the frontier by train and were interned under guard on a river steamer which will be anchored in Hongkong waters for the duration of the war.

The President was praised and "all dictators" were denounced in a resolution unanimously adopted by the 275 attending the

FLOOD THREAT IN CALIFORNIA  
Danger Heightened by Denuding of Watershed In \$5,000,000 Fire

LOS ANGELES (AP)—Southern California's calamitous series of brush and forest fires, con

quered after a loss of \$5,000,000 in property and denuded watersheds, sharply heightened today the danger of floods this winter.

Approximately 37,000 acres were burned over in five counties since last Wednesday, the chief damage being in the Santa Monica and San Bernardino ranges.

A new \$1,000,000 resort will rise on the ashes of the \$750,000 Arrowhead Springs Hotel, razed by the San Bernardino fire last week, it was announced by a syndicate including Jay Paley of the Columbia Broadcasting System and movie producer Joseph Schenck.

More than 10,000 acres were swept by flames on the slopes of the mountains behind the city of San Bernardino, creating a grave problem in flood control.

Not only San Bernardino, but Colton, Riverside, Santa Ana and Fullerton would be menaced by the run-off of heavy rains in the region, such as produced a destructive flood last March.

Some 22,000 acres were ravaged in the Santa Monica Mountains by a fire brought under control yesterday.

## Japan Building Giant Warships

Authoritative German Annual Also Says New Pacific Bases Prepared

BERLIN (AP)—Germany's standard annual on naval affairs, Nauticus, 1939, which has just been placed on the bookstands, makes the assertion Japan is building two battleships of 40,000 to 45,000 tons.

Nauticus adds: "It may be assumed the main armaments of these battleships will be nine 40.6 centimetre (15.98 inch) guns."

The annual further states Japan not only is reinforcing her naval bases in the Far East but is pushing new ones "as far as possible into mandated regions in the south and southeast."

Keelung and Takao on Formosa and Mako in the Pescadores Islands, between Formosa and China, are being further fortified, Nauticus says.

"The last named assumes importance since it is the point farthest advanced towards Hongkong," the annual comments.

Nauticus assumes Japan is building fuel bases for her air force and for submarines in the Marianne, Caroline and Marshall Islands, just north of the Equator. Japan took these islands from Germany in the Great War and now holds them under League mandate.

Japanese spokesmen have denied military bases were being built in the islands, which would be in contravention of the terms of the mandate.

Reports Japan, freed from the limitations of the Washington naval treaty since the end of 1936, was building battleships of 43,000 tons were published in Europe last year. Early in 1938 Great Britain, France and the United States formally inquired in Tokyo as to the truth of these reports. When Japan failed to give the information requested, the three powers on March 31 renounced the 35,000-ton battleship limitation of their London naval treaty of 1936.

## Prime Minister and Halifax Will Travel to Rome in January

May Go to Berlin

By J. F. SANDERSON  
Canadian Press Staff Writer

LONDON — Prime Minister Chamberlain and Viscount Halifax, Foreign Secretary, will visit Premier Mussolini during the early part of January, it was announced at 10 Downing Street tonight.

The announcement was made in the following words:

"At the meeting in Munich Signor Mussolini suggested to the Prime Minister that he should at some future date pay a visit to Rome. As an opportunity for making such a visit might occur during the forthcoming parliamentary recess, inquiries were made as to whether a date in the first half of January would be suitable to Signor Mussolini. His Excellency has stated he would in principle welcome a visit from the Prime Minister and the Foreign Secretary at that time."

BERLIN TRIP POSSIBLE  
The trip to Rome will follow the Prime Minister's recent consultations with French statesmen and may be followed at a later date by a trip to Berlin.

The purpose of the trip is to further Mr. Chamberlain's general appreciation plan but one of the subjects certain to be discussed is the Spanish civil war. Although Mussolini withdrew 10,000 infantrymen as a necessary prelude to the Anglo-Italian treaty becoming effective, he left large numbers of troops, tanks, planes and vast quantities of military supplies in Spain.

Mr. Chamberlain may attempt to persuade Mussolini to bring pressure to bear on General Franco to accept the British plan for the withdrawal of all foreign troops from Spain. At the recent Paris conference Great Britain and France agreed the plan must be accepted before belligerent rights are granted the insurgent leader.

## TINY BABY IN ALBERTA DEAD

DRUMHELLER (CP)—Betty Lou Carruthers is dead. The 22-ounce baby that arrived prematurely to Mrs. James Carruthers, wife of a coal miner, died Saturday night when she was six days old.

Betty Lou was just a foot long when she was born. She was normal in every respect except for size, and hope for her survival had been high.

She cried and yawned just as other babies. Her tiny hands reached out as she stretched in an improvised incubator into which she was placed as Dr. G. M. Gibson and nurses at the Drumheller General Hospital sought to save her.

Dr. Gibson thought it remarkable the child was born alive or lived beyond 24 hours. Then Saturday she began to show signs of weakness. In the afternoon her condition became critical. She died at night.

PROVIDENCE, R.I. (AP)—The 28-ounce girl born to Mrs. Dorothy Mulvey entered her fourth day today with a few vigorous cries that convinced anxious attendants her chances to live are excellent.

## Arrests of Jews In Reich Continue

BERLIN (AP)—Jewish quarters here said today they had evidence from various parts of Germany arrests of Jews were continuing. All Jewish boarding houses, hotels and homes were said to have been raided within the last few days in searches for Jews in the Nazi-dominated Free City of Danzig.

## Islands Riding Goes to Nanaimo

Committee to Recommend  
Old Constituency  
Be Split

Salt Spring Island, North and South Pender Island, Gabriola Island and other islands in the Gulf will be thrown in with Nanaimo City, East Wellington and Northfield as a new riding called Nanaimo and The Islands, under a resolution passed by the redistribution committee of the Legislature this morning.

The formal resolution, which eliminates the historic Islands riding by dividing it between Nanaimo and Saanich, was passed this morning after a sharp fight by opposition members against it. Sidney and North Saanich goes into Saanich riding as part of the division.

The arrangement has yet to get formal ratification of the House, where another argument looms.

The committee split closely today on the division. The first vote was five to four to make the change, with H. G. Perry, Liberal, Fort George, not voting. Finally, however, he said his vote would go for the change so it could get to the floor of the House.

Main point on which the committee divided today was whether Salt Spring, North and South Pender and the nearby Islands should go into Saanich or Nanaimo.

Colin Cameron, C.C.F., Comox, proposed that Gabriola Island be placed with Nanaimo and the others left in Saanich. W. T. Straith, Liberal, Victoria, however, amended to this to put all the islands with Nanaimo.

"To begin with," he said, "if you add all these islands to Saanich it will be a very hard riding to represent. The addition of North Saanich to Saanich riding is logical. It combines all the Saanich Peninsula in one seat. But the islands do not have any connection with this part. The people there do their business with Vancouver, with which they have no connection. By Princess steamer. Their only tie with Saanich is the ferry Co. Peck, largely a tourist boat."

"That may be true," said Mr. Perry, "but why add them to Nanaimo, with which their connection is even worse."

"You've got to make the Nanaimo riding large enough," said Mr. Straith.

R. W. Bruhn, Conservative, Salmon Arm, said he talked over the week-end with the Mowat family and other strong Liberals of Salt Spring and they threatened "not to have anything to do with this outfit if the change goes through."

Mr. Perry suggested the committee lay the whole thing over until it could go in a body to the islands and study the situation at first-hand. Mr. Straith said this would take three days at least.

"Let's vote on this. We need action," said Capt. C. S. Leary, Liberal, Kaslo-Slocan, committee chairman.

"I resent that," said Mr. Perry. "We are faced with a grave responsibility here. I'm not afraid to say what I think and vote the way I think but I confess I would like to have more knowledge of the local situation first."

E. T. Kenney, Liberal, Skeena, pointed out that other ridings had been settled without a personal visit.

"Yes, but this is different," said Mr. Perry. "We're annihilating a riding here."

"But not taking away representation," said Mr. Kenney. "But we have heard the local Liberals don't want it," Mr. Perry replied.

"I'll stake my reputation on that," said Mr. Bruhn.

"The fact the Mowat family opposes it should show it is not political," said Mr. Kenney.

"Well, if you'll only leave it over a day or so, you'll have Salt Spring people here in a delegation of 40 or 50 to see the government and object," said Mr. Bruhn.

Mr. Straith said if the thing dawdled along no settlement would be reached before the House prorogued.

"You could get out there in three hours if you wanted to," said Mr. Bruhn.

After the vote was taken Mr. Bruhn walked out of the committee, declaring he did not care what they did.

## NANAIMO SCRAP STILL PICKETED

Vancouver Owner Awaits  
City Council's Decision  
On Moving Metal

NANAIMO, B.C. (CP)—Picketing of a shipment of scrap iron entered its ninth day today with the asserted owner, D. E. Wallace, Vancouver truck driver, awaiting a city council decision on his appeal for permission to move the metal from a junkyard on the city's outskirts to a waiting barge in the harbor.

Groups of Nanaimo citizens have prevented movement of the metal since a week ago Saturday on the grounds it is destined to Japan for war purposes. The junkyard has been picketed and all Nanaimo truck drivers have agreed not to move the scrap.

Wallace succeeded in moving two truckloads Saturday without trouble and then was forced to abandon his plans when informed he would have to have permission from the city council to move the metal.

The Vancouver truck driver announced he had become owner of the metal after the British Columbia government refused to grant licenses to truck drivers sent to the island city from Vancouver by Myer Franks, a shipping agent. The provincial government's licensing authority does not extend to truck drivers moving their own property.

## Pope Joins in Special Prayers

VATICAN CITY (AP)—Pope Pius took part in special prayers in his private chapel today, opening a week of spiritual devotions at the Vatican.

The pontiff, who yesterday addressed an audience of pilgrims after walking to the throne from his sedan chair, was carried into the chapel in the chair.

The Pope, as he did yesterday, sat alone in the sacristy of the chapel where he could hear the Jesuit Father de Giovanni deliver two brief sermons of meditation.

These annual spiritual exercises were instituted by the Pope in an encyclical in the early years of his reign as an example to the clergy to be assiduous in prayer.

RECEIVES NEWLY-WEBS

Although audiences ordinarily are suspended during the week of spiritual exercises, they added, the Pope again showed his unwillingness to rest. He decided, Vatican officials said, to receive a group of newly-weds in audience yesterday.

The Pope got out of bed after his physician, Dr. Amintio Milani, paid a morning visit and found his condition satisfactory.

The Pope's physicians indicated the injections which were administered after Friday's attack had been suspended, although Dr. Milani continues to visit his patient several times a day. The pontiff still is on a liquid diet and drinks small amounts of coffee.

## Slasher Keeps Women Indoors

HALIFAX, England (AP)—Women of this north England town today were ordered to remain indoors after nightfall because of a "phantom slasher" who strikes unseen along darkened byways.

The slasher added an 11th victim in seven days to his list after this morning, slipping up behind Mrs. Constance Wood, a mill worker, only a few yards from her doorway. He knocked her down, hacked through her heavy coat to inflict two gashes in her left arm, and escaped.

Police have been unable to trace the slasher. All but two of the victims are women. None was seriously wounded.

Screams from one of two women who were slashed last night brought nearby firemen to the rescue. Crowds leaving church joined the hunt but with-out success.

It was feared "the phantom," who so far only has wounded his victims with a sharp-edged weapon, might suddenly turn murderer.

## Joseph Loudon Dies at Nanaimo

NANAIMO (CP)—Joseph Loudon, 83, former leader of the Nanaimo Band and a resident here 50 years, died Saturday night after a long illness. He was known as one of the city's leading musicians. Besides his wife he is survived by two sons, Roy, here and Joseph, in Vancouver. There are three daughters, Mrs. E. Royal, Seattle; Mrs. L. Palberg, Port Angeles, Washington; and Mrs. D. Brown, Vancouver.

## RUSSO-JAPANESE WAR FORESEEN

Vice-minister at Tokio  
Says Soviet Preparing  
For Conflict

TOKIO (AP)—Lieut. General Eiko Tojo today declared a "Soviet-Japanese conflict apparently is inevitable."

Urging on munitions manufacturers a rapid expansion of the arms industries, the vice-minister for war said: "Japan must have sufficient armaments to fight a vast war on two fronts as there is every possibility Russia and China may band together as soon as the Soviet completes preparations."

"There is no doubt that the Soviet is hastily replenishing heavy industries and bolstering armaments in preparation for a Soviet-Japanese conflict that apparently is inevitable," he declared.

He charged Great Britain was concealing enmity toward Japan and said "occasional gestures of friendship should be interpreted merely as protecting British rights and interests—they mean nothing."

## Victoria Wins Grass Hockey

Men's and women's teams of the Victoria Grass Hockey Club defeated Duncan opposition in games at the up-island grounds yesterday.

The men, held to a scoreless draw in the first half, came through with four goals to Duncan's one in the second to win, while the Victoria women broke a two-all half time tie to gain a 7 to 2 victory.

### Communists End Alberta Session

EDMONTON (CP)—Resolutions urging changes in provisions of Alberta minimum wage and hour and relief regulations were adopted at the closing sessions of the week-end convention of the Communist Party in Alberta.

Ian Lakeman of Edmonton was re-elected as president. Lawrence Anderson was re-named provincial leader. James McPherson will continue as Alberta organizer and Ben Swankey as leader of youth sections, it was announced by officials.

A resolution adopted urged extension by the provincial government of minimum wage regulations to cover "all industries and enterprises," and that penalties for infractions of the regulations be made more severe.

### MUNICIPAL CREDIT HIGH

TORONTO (CP)—Hon. Eric Cross, Ontario Minister of Municipal Affairs, said in a statement last night that municipal credit in Ontario at the present time stands at its highest level in many years. Mr. Cross said that of the \$104,000,000 in default in the province, a total of \$58,000,000 has been refunded. Plans are before the municipal board for refunding an additional \$19,000,000.

### Quebec Couple Face Gallows

ST. JOSEPH DE BEAUCHE, Que. (CP)—Achille Grondin and his wife faced the gallows today, convicted of murdering the woman's first husband in one of the rare cases in Quebec province's history where a man and woman have been sentenced to death for the one crime.

The slight, graying farmhand from Ste. Methode village was ordered Saturday by Judge Noel Belleau to be hanged April 21 for the poison killing of Villemont Brochu, farmer and meat peddler. Seven weeks before his stout wife had been sentenced to be hanged March 3 for the death of her 44-year-old husband.

They were married little more than a year ago, two months after Brochu, four years older than his wife, died of what subsequently was diagnosed as arsenic poisoning. Two weeks after their marriage they were arrested.

Conviction of the pair recalls two previous cases in which a man and woman were hanged in this province for murder. Cordelia Viau Polier and Sam Poirer, of St. Scholastique went to the scaffold there March 10, 1899, for the slaying of the woman's farmer husband, Sam Poirer.

At Hull, Mrs. Marie Viau and Philibert Lefebvre were executed August 23, 1929, for the poisoning on trial, Mrs. Grondin was granted the right to appeal her conviction.

### German-Canadians Ashamed of Nazis

Winnipeg Meeting Condemns Reich's Treatment of Jews

WINNIPEG (CP)—The majority of German-Canadians do not favor Nazism nor do the people of Germany approve of the violence resorted to by the Third Reich in its persecution of Jews, members of the German Democratic Federation declared at a meeting here yesterday.

Members unanimously passed a resolution declaring: All true German-Canadians who swore allegiance to the Canadian Government stand aghast and ashamed at the new outrages of organized mob violence throughout Third Reich, violence sanctioned by the government. The Nazi poison of race hatred and brute force extends to many countries, including Canada. It is generally believed here that the majority of German-Canadians favor Nazism. This is not true, and it is not true that the majority of the German people approve the horrible and cowardly treatment of weak and defenceless Jews.

### COUGHLIN REPEATS PART OF BROADCAST

DETROIT (AP)—Rev. Charles E. Coughlin repeated yesterday a portion of the address he gave last Sunday on the Nazi persecution of Jews and asked his radio audience "to judge for itself whether the speech was either vicious and un-American."

"Following last Sunday's broadcast," said the priest, "a vicious campaign of misrepresentation, based upon fancy and not upon fact, has been carried on not only against me, but against the cause I represent."

He described last Sunday's address as one "whose main objective was to point out the cause of all our present-day troubles—Christianity as well as of Jews." Father Coughlin gave a summary of his previous discourse, which he said showed "the persecution of Jews was given to the recent Jewish persecution in Germany culminating in a \$500,000,000 fine against 600,000 Jews; and that such glowing publicity was a blessing because it brings the whole problem of persecution into the open."

### Liberal Officers Named at Fulford

FULFORD—The first public meeting of the newly-formed South Salt Spring Island Liberal Association was held in the Community Hall, Fulford, November 22. Officers were elected as follows: Hon. President, Alan Chambers; president, Michael Gyles; first vice-president, W. I. McAfee; second vice-president, J. J. Kennedy; secretary-treasurer, J. Grosart; executive, H. Hillier, L. Reynolds, W. H. Kitchen, J. H. Lee, J. Calder, W. L. Pattison, R. Hepburn, A. Laundry and Mrs. E. Heald. Mr. Chambers spoke on "Liberalism Today."

### DISCUSS VIVISECTION

At the monthly board meeting of the local Anti-Vivisection Society letters read included those of Hon. Charles Edward Russell of New York, regarding proposed activities which include Victoria; the editor of Animal Pictorial, London, relative to a proposed tour in Canada of animal lovers; Leonard Hawkesley on the sufferings of animals in Italy; and Miss L. Loat of London regarding a death from immunization.

In respect to the recently acclaimed experiments in drowning animals in a Canadian laboratory, the secretary stated that these were not new, similar experiments having been described before the royal commission on vivisection (1906-12).

The meeting endorsed the statement that "while anti-vivisectionists are anxious that the cause of and a cure for cancer shall be discovered, they emphatically oppose the torture of millions of animals in cancer research, the disease being artificially induced. Such research has hindered true progress—an opinion largely supported by medical men and medical journals."

Reference was made to the death of "Typhoid Mary" in the U.S.A., an alleged "germ carrier," who died of paralysis and old age and whose body has been claimed by a relative in Canada.

### HOW TO OVERCOME ITCHING PILES.

If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itching, soreness or painful passage of stool, is nature's warning and proper treatment should be secured at once. For this purpose get from MacFarlane and Vancouver Drug Stores—or any drugist—a package of Hemroid and use as directed. This formula, which is used internally, quickly relieves the itching and soreness and aids in healing the sore, tender spots. Hemroid is a physician's prescription and is highly recommended. It is easy to use and it seems the height of folly for anyone to risk an operation when a simple remedy, which is so pleasant to use may be had at such a reasonable cost.

### On the Prairies

### QUEEN RE-ELECTED WINNIPEG MAYOR

WINNIPEG (CP)—Second count of Winnipeg's mayoralty election ballots completed late Saturday returned Mayor John Queen with a majority of 3,258 over Travers Sweatman, K.C. Final count of votes cast Friday gave Queen 31,563 and Sweatman 28,308. Revised figures of the first count under the proportional representation system gave Queen 29,406, Sweatman 20,235 and Alderman E. D. Honeyman 11,484. In Transfer of Honeyman's votes Sweatman received 8,075 and Queen 2,157 and 1,254 were nontransferable.

### Rhodes Scholar

EDMONTON (CP)—Selection of Douglas Richard Crosby, 23, of Banff, Alberta, as Rhodes scholar was announced here last night. The all-round athlete and honors student, now enrolled at the University of Toronto, was chosen from four candidates by the appointments committee at the University of Alberta. The nominee, son of Mr. and Mrs. Louis S. Crosby of Banff, is entitled to three years' study at Oxford University in England.

### Edmonton Protest

EDMONTON (CP)—Protest against persecution of Jews in Germany was voiced in a resolution passed unanimously by 1,200 persons, attending a meeting held under auspices of the Edmonton Peace Council last night. The resolution, condemning the "racial and religious persecution being carried out by the Nationalist-Socialist regime in Germany," was presented by James A. MacKinnon, Liberal M.P. for Edmonton West.

### Labor Meets

### Famine Threat In India

Reserves of Grain and Cash Exhausted In Rainless Punjab Area

By G. E. POWELL

Canadian Press Correspondent  
CALCUTTA (CP)—Half a million people are reported in pitiable plight in the Hissar district, southeast Punjab, following failure of the monsoon, summer rains on which their crops depend.

Reserves of cash, grain and fodder exhausted, the Punjab government has opened test works and cotton-spinning centres to enable men and women to keep themselves alive on a small daily wage. Substantial loans have been allotted to help them maintain their farmsteads, the government land tax has been remitted, and a relief fund opened.

At Rohtak the governor, Sir Henry Craik, said: "The government realizes it is a disaster to which there is no parallel since the turn of the century."

Before British rule famines were frequent and appalling. In 1630, for instance, whole cities and districts of Gujarat were left bare of inhabitants; at Surat the dead lay in piles in the streets.

Gradually British administrators built up famine codes embodying the principles of work for the able-bodied and relief for others.

Hissar is a famous cattle-breeding centre, and a tragic feature of the present famine is that no local fodder remains. The Punjab government is bringing large quantities in by rail from elsewhere and distributing it to the farmers. But only a nucleus of the herds can be saved in this way.

The Governor has assured the Rohtak district board the ministry is trying to make headway with the Bhakra dam project, which would provide southeast Punjab with irrigation canals and so lessen its dependence on a capricious rainfall.

The Punjab is also trying to adopt North American principles of "dry farming." A research farm has been set up at Rohtak, central point in an area in which out of 6,700,000 acres under crops 5,400,000 are dependent entirely on the monsoon.

### Woman Prepares For Own Funeral

Edmonton Widow Has Grave, Coffin, Tombstone And Service Paid For

EDMONTON (CP)—Four times a widow and without children, 81-year-old Mrs. Mary Buska has arranged her funeral in advance even though she is in the best of health. She explained today she had made the arrangements because she does not want to "bother anyone when I die." Mrs. Buska, an Edmonton resident for 35 years, has bought a burial plot in the Greek Catholic Cemetery and paid in advance for its perpetual care, bought a tombstone of blue-grey granite; paid an undertaker for services in advance; purchased a coffin and selected the clothing she wants to wear when buried. "So you see," said Mrs. Buska, "everything is ready now except for one thing—my death. And although I am an old, old woman and have seen four husbands die, from the way I feel now I think maybe Mary Buska will live a few more years yet before they put me under my tombstone."

### DUNCAN

DUNCAN—In aid of the fund to build a new hall for St. John's Miss G. Monk arranged a concert in the Guide Hall last week.

Rev. H. T. Archibald was chairman. The program consisted of vocal solos by Miss M. Tombs, Miss E. Hotson, L. Langlois, G. Gard and D. Kirkbride; an exhibition of tumbling under instructor Wildstrom; verse speaking choir from Queen Margaret's School under Miss Elliott; Swedish dances under Miss Towler; a flower dance by Eleanor, Evelyn and Marion Martinich, Pat and Barbara McNeill, Louise Davies, Joy Peterson and Virginia McDonald; humorous song by Mr. Oldfield; vocal duets by Mr. and Mrs. R. Macbean; piano solo by Miss E. Whitaker; banjo solos by M. Bruce; monologue by A. R. Mann; concertina solos by Mr. Hedley and an amusing impersonation by A. D. Martinich.

### TILlicum Club

The Tillicum Club of St. Aidan's United Church held its meeting at the home of Mrs. E. A. Tatham, Cedar Hill Cross Road, on Tuesday night, Bob Clark, presiding in the chair. The devotional period was taken by Joe Tatham and Ivy Salter. During the business period, the members were asked to bring their donations for the bazaar at the next meeting. Short book reviews were given by Eileen Lewis, Kay Turner and Marjorie Griffiths. The next meeting will be in the Assembly Hall on Tuesday at 7.45 p.m., when a missionary program will be presented under the leadership of Sam Lewis.

### Windsors to Spend Christmas in Paris

May Visit London In New Year at King's Invitation

LONDON (CP-Havas)—The Duke of Windsor on Saturday authorized denial of reports he might return to England for a family reunion during the Christmas holidays. Through his equerry in London, the Duke informed the Sunday Dispatch he would spend the holidays with the Duchess and a small party at his Cap d'Antibes villa.

The newspaper said the Duke had arranged that four guests—a London couple and their two children—would be members of his Christmas party at the Chateau de la Croix, his villa. It did not identify the prospective guests but said the Duchess was particularly anxious for a real home-like Christmas with a tree and "all the trimmings."

The diplomatic correspondent of the same newspaper said there was every likelihood the Windsors would visit England early in the New Year in response to a formal invitation from the King. The invitation would follow or coincide with an official announcement in regard to status of the Duchess in the peerage, the correspondent added.

When the Duke received Prime Minister Chamberlain in Paris last week, the correspondent continued, he made it clear he would not return until the Duchess had been granted the title of "Her Royal Highness."

"The Premier's reply," the correspondent said, "was to point out that granting of the title was a question for the King, but I learn he undertook to do his utmost to remove this only difficulty in the path of the Duke's return."

Following the visit of one of the high crown officials, great activity has been going on at Fort Belvedere (former residence of the Duke of Windsor), gardeners having been called from Windsor to make the flower beds.

## Advancing Despotism

THOSE THREE DESPOTIC NATIONS—Germany, Italy, and Japan—which are fighting Communism in every country save that in which it is supposed to have originated are said to be ready to enter into a new triple agreement for the transformation of the anti-Comintern pact into a close alliance of great military significance. According to the London News-Chronicle, these three powers for months have been carrying on negotiations, with the text of the treaty already officially endorsed. But Italian Foreign Minister Galeazzo Ciano apparently would like to delay signature for a few months because of the current negotiations between Rome and London.

This proposed brutalitarian-totalitarian alliance moves the London daily to which we have referred to suggest—and, of course, it has been borne out by the progress of events over many months—that "the trouble with Prime Minister Chamberlain's policy of appeasement is that all the appealing has so far been done by one side." It has been a policy of "throwing hanks of meat to the tiger so as to keep him quiet until feeding time comes round again." The new developments of which it speaks merely serve to emphasize the utter lack of response from the dictator states to any plan likely to preserve the peace which we are being repeatedly told that Germany, Italy, and Japan so earnestly desire. Every action they take indicates as plainly as day following night that the last thing they want is peace, unless it be peace as understood by the granting of every demand they feel like making on the democratic nations.

If there is to be, as a sequel to this more active working agreement between the three axis partners, a new attack in any form on the free nations under the guise of a re-modeled crusade against what is conveniently styled the "red menace," there is, as the News-Chronicle quite properly argues, fresh incentive for more positive action on the part of the democracies. Observes the London daily: "In particular, Britain should be ready to reciprocate every move towards closer relations made by the United States—and the United States is giving a fine lead to democracy. We must help to set France on its feet again. We must remove the suspicions that persist about Russia in the minds of our governing class."

Out of all the "pies" in which Reichsfuehrer Hitler has had more than a finger since he developed the technique in Downing Street which resulted in the resignation of Rt. Hon. Anthony Eden from the Chamberlain ministry, there comes a ray of hope that the bestiality of the Nazi crowd toward the Jews will prove the last straw for the British Prime Minister's none-too-strong back. South Africa and Australia have obviously heartened him to suggest that there is to be no restoration of former German colonies. But the Berlin-Rome axis still is moving along the Mediterranean toward an Iberian Peninsula that will sooner or later be brought under complete Nazi-Fascist domination—with all its implications for the future of the Atlantic and the western world—the Anglo-Italian friendship pact notwithstanding.

## Colonel Dennis

FEW PEOPLE KNEW CANADA, HER ambitions, potentialities, and her vast resources better than Colonel J. S. Dennis. His death on Saturday ended a remarkably colorful and thoroughly useful life. His early association with the Hudson's Bay Company, the practice of his profession as a surveyor and engineer, and in later years as Chief Commissioner of the Canadian Pacific Railway Company's Department of Colonization and Development, gave him a practical working knowledge of his country's business in its most important aspects. He became an empire and an international figure during the war because of that knowledge. Recognition of his invaluable services in those times of stress was appropriately manifested. It is perhaps not too much to say that his colonizing work for the great transportation company with which he served during the busy immigration years immediately preceding the Great War will remain a fitting epitaph to his memory. An ardent advocate of Empire migration on broad and comprehensive lines, one who could speak with an intimacy of Canadian life under all circumstances, Colonel Dennis did more in his quiet way on the many occasions when he visited Great Britain to help to dissipate the lamentable ignorance of this Dominion existing there—even after the war—than any other single person, and more than most of the agencies which had undertaken this important work. We can say wholeheartedly, then, that this fine Canadian served his country well, and this, we trust, will furnish a measure of consolation to his widow and daughter in the irreparable loss they have sustained.

## The Anonymous Letter

ATTORNEY-GENERAL WISMER HAD something to say in the Legislature last week about the anonymous letter-writer. Nothing he could say about this type of person could be considered half bad enough. Not a few people in this and other countries have been driven to suicide by the writhings of some wretch with a warped mind whose

sewer-like mentality operates under the cloak of anonymity. Unfortunately detection of this "lowest form of life" is one of the most difficult jobs with which police officers are confronted. There have been notable cases, of course, where the vicious message, typed or written in a disguised hand, has been traced to the guilty person. It is not a simple matter, however, to "spot" the type-writer, or for an expert to detect certain inconsistencies in imitated handwriting. But if all victims of the anonymous letter would immediately turn the document over to such experts, or, better still, to the police, the disgusting practice would soon lose some of its novelty even for the most unbalanced and filthiest mind.

## Reform School Escape News

A BILL TO FORBID NEWSPAPERS printing news of escapes from provincial government reform schools, proposed in the Legislature by Mr. Harold Winch, fortunately met with no support from members of the House. On the basis of Victoria's experience during the last summer, Mr. Winch might have been serving the interest of the public better had he suggested compulsory publication of news of escapes from reform schools.

The early summer epidemic of robberies, including the stealing and "gutting" of some 40 motor cars, is still fresh in the minds of Victoria. This "reign of terror," ended with the arrest of youths whom the police proved in court had been implicated in a number of the crimes. A leader of the gang was theoretically serving time in the provincial reform school, having been sentenced on account of previous misconduct here. His presence in Victoria this summer was explained by the fact that he was out on two weeks' vacation, which at the time of arrest he had overstayed by two or three weeks. The provincial reform school had not only given him two weeks' "vacation," which he used to resume his criminal preying upon the public, but apparently was little concerned with the fact that he neglected to return to the school.

If our provincial reform schools are run thus loosely, citizens for their own protection should be warned through the press of escapes or over-staying "vacations." The few who escape or overstay are the dangerous ones to themselves as well as society. It seems necessary to remind the officials responsible for the conduct of these institutions that they are maintained for the protection of citizens at large as well as for the reform of youthful miscreants.

## Nazi Financing Methods

BULLYING EUROPEAN DEMOCRACIES and making automobiles and selling them are different problems. Adolf Hitler now knows this. Der Fuehrer recently created a stir with the announcement of a low-priced automobile. One had been built and Hitler rode in it as thousands cheered. He outlined a plan under which every German family might have a car. Magnificent roads had been built and the German laborer was to enjoy them. But, the German laborer has not bought a car and he is not going to buy a car. Only 150,000 buyers took advantage of the offer of the government, so the payments have now been reduced to five marks a month. The new automobile costs 990 marks. A potential purchaser would be paying 16½ years. And the final ridiculous provision is that 750 marks must be paid before the owner may obtain possession. A purchaser would be paying for the car 12½ years before he could sit in it!

The name of the car was announced as the Volksauto—people's auto.

Whatever became of the old-fashioned Hun?

"The Good Earth" has won prizes for everybody but the Chinese who own it.

Fitting climax of the year 1938 is the proposed visit of General Goering to London at Christmas time.

## LIGHTS NOT PUT OUT

From North Vancouver Review

Herodotus, Tacitus, Gibbon, and Macaulay—these four historians Mr. G. M. Young, the well-known British scholar, recently chose as beacon lights perpetually illuminating the skies of literature. New documents of almost every period, of recorded history are continually coming to light; and even about the darkness of prehistoric times the spade of the archaeologist from time to time turns up new and revealing facts. The result is that standard histories are constantly being superseded. But even so, Mr. Young thinks that one Greek, one Roman, and two Englishmen stand secure and unassailed by the advances of knowledge.

Few people will dispute the first three names on Mr. Young's list, for Herodotus remains a most entertaining and amusing author, and is the "Father of History," even if hardly a historian. The austere style and outlook of Tacitus permanently preserves his work, and the monumental architecture of Gibbon's "Decline and Fall of the Roman Empire" is unrivaled in English literature.

The swing and power of Macaulay's work cannot be disputed, and its factual accuracy is remarkable in so vast a work. But some first-rate judges find the mind it expresses to be both narrow and cocksure, and would prefer another choice. Mr. Young has omitted Thucydides, whom many would consider to be the greatest of all historical writers, for he combined an absolute impartiality with an intensity of drama that has never been surpassed. He is a writer whose temper the journalists of today might do well to study and to imitate. For he maintained his impartiality and strict determination to tell the unvarnished truth when dealing with affairs that were still contemporary when he wrote.

### DISILLUSIONMENT

AFTER A WEEK of legislating across the Bay, after associating so long with statesmen and wrangling over great causes and immortal principles, it is bitterly disillusioning to come home at the week-end and see how the home folks think about all this.

I mean, across the Bay we take ourselves pretty seriously. We are in an atmosphere of big events. We are locked in struggle over vital issues and arguing day and night over politics. In time we forget about the outside world. We forget the wind, the sunshine, the trees and the flowers. To us, after a while, public utilities, statutes, estimates, budgets, points of order, political manoeuvres become the whole of life. It is surprising to come home at the week-end and find that the wind, the sunshine, the trees and the flowers have been going about their business quite oblivious of us, paying no attention to our speeches, unruffled by our legislation, not the least excited by our debates, our wrangles, our rising passions.

Worse still, even the electorate for whom we have labored and fought and stayed up most of the night, are no more moved than nature is. You come home expecting the neighbors all worked up about our doings, quarrelling among themselves over our legislation, taking bitter sides for and against our politics, relishing our displays of wit, glorying in our manoeuvres, forays, battles.

Instead, you come home to find that the neighbors aren't interested in us in the least, have no notion what we have been doing, have not read our brilliant witticisms, unmoved by our tremendous assaults. What do you suppose the folks at home are thinking of? They are thinking of Christmas. And after all we have been doing.

It makes you lose your faith in democracy, that's what.

SO MANY BUILDING PERMITS have been issued in Victoria lately, so many new houses built that, at the present rate, the entire city will be renewed. But who are living in the new houses—whether they represent an addition to the population nobody can tell me. Anyway, civilization is progressing so rapidly everywhere these days that all North American cities become out of date, their homes hopelessly obsolete every 20 years. They must be constantly torn down and built up over and over again.

Two decades, perhaps one, all the nice houses now going up will look like some of the dilapidated, paintless old buildings that were built in parts of James Bay during Hudson's Bay times. In housing, as in women's apparel, we are now victims of the great styling racket, which makes a man ashamed of his home, his car and his wife every year or two.

What lies ahead of the houses now under construction no one can foresee—what new architecture, shapes, materials, finishes. Probably, houses will be built of glass blocks, now used structurally in American business buildings, of hideous shapes, bulbous or square, and equipped with such gadgets and labor-saving devices as we cannot imagine—each house a veritable machine shop, a laboratory, an engine room. The outside of Victoria, I dare say, will be quite unrecognizable and our hills will be covered with a strange flat growth of low, round streamlined houses very like an outburst of bolts, and the pretty houses now being built will be occupied by the poor who are on relief, and a few wealthy eccentrics who prefer a home to a battleship's engine room.

### GOOD OLD DAYS

OCCASIONALLY, but not often, politicians and other underprivileged persons feel that a column like this is a little too hard on them, a trifle rough. To show you how mild is all our modern journalism, I have discovered the following quotation from an Ottawa paper in 1848, when the Capital was called Bytown:

"The editor of the Packet and the Free Churchman are well met, a more unmitigated pair of brainless, dwarfish apes cannot well be frightened out of any bush. . . . I am credibly informed that the little cross-grained baboon of the luggerly lubber is a young leveller possessed of a more than common stock of impertinence. . . ."

After that, let no one say this column is ever rough.

### WORTH OF A FORUM

To the Editor:—With reference to the proposed Forum for Victoria, speaking to a friend who lives in Nelson I asked him if the Forum in that city was worth while. ### BUSES DEVELOP A CITY

To the Editor:—Street cars are all right in their day, but their day is past, the up-to-date way of handling the general traffic is by buses. Spokane, a city twice the size of Greater Victoria, Bellingham about the size of Victoria, and New Westminster have proved this and the Blue Line buses in Victoria have made a great success in opposition to the street cars. Buses develop the outside districts because they go where there never will be street car service. Buses are handy, quiet, clean, safe vehicles to ride in. It is most convenient for elderly people to step off the sidewalk on to the bus and step off the bus on to the sidewalk, compared to climbing up into a street car out in the middle of the street.

I was in Spokane last summer and talked to people about buses and they all said, "No more street cars for us." I also visited New Westminster a few days ago and the people I talked to said the buses are far superior to street cars. Buses have their loading zones on various corners all over the city and they move along quietly and are not in the way any more than an ordinary automobile. They eliminate danger to traffic when streets become blocked by street cars stopped to take on and let off passengers.

We have a kindly and high respect for the street car conductors in Victoria. I think whoever puts on a line of buses here will employ these conductors to handle their buses as they are trained men in this line of work. Further, the buses will employ perhaps 20 per cent more men. As all buses carry a full line of accident insurance, the public is well protected.

### SOME ADDITIONAL FACTS

To the Editor:—Your editorial, "Japan Progress," dealing with the Far Eastern situation, omits several important points:

1. Manchuria was never a Chinese possession; on the contrary, Manchu emperors ruled China.
2. The Emperor Kang Teh, now ruling from Hsanking in Manchukuo, is the rightful emperor.
3. He escaped from Peking to Japanese sanctuary with the aid of his English tutor, Sir Reginald Johnston, who gives a full account of this incident in his book, "Twilight in the Forbidden City."
4. The Lytton report was so voluminous that it is not surprising the League could not give attention to all its details. Chapter 7 contains a remarkably sound and fair treatment of "Japan's economic interests and the Chinese boycott."
5. Mr. Wellington Koo, speaking for China before the League in November, 1932, risked his whole argument on the untenable claim that the boycott is a "peaceful instrument."

6. Mr. Josuke Matsuo, replying for Japan, said, "The boycott is warfare of an insidious character. The powers of the world have outlawed by treaty the resort to war with arms. I would ask the Council why the boycott, when it assumes an official or semi-official character, should not be condemned by the League of Nations and outlawed by it?"

### WHAT RILED THE NAZIS

From Montreal Star

The Germans do not understand, and never have understood, how public opinion rules the policies of democracies. By these latest acts of utterly unreasoning tyranny and oppression they have completely silenced any apologists in democratic countries who have been, somewhat timidly, insisting that after all it ought to be possible to come to a sensible agreement with seventy million intelligent Germans. Today even the London Times scorchers them with blistering condemnation. The Cliveden set drink their tea in shocked silence.

No matter how many Jews the Germans rob, with no more moral warrant than that of a highwayman, they will lose terrifically on the net result. Four hundred million or a billion dollars would not recompense a nation for the loss in esteem, in accepting standing among decent peoples and in that mutual confidence which alone makes international relations possible that the present wholesale and unparalleled pogrom has inflicted upon them. The Jews are the victims for the moment. The Germans will pay . . . a much heavier ransom.

When Providence takes me from my people I will hand to the next fuhrer a country welded by iron bonds.—Adolf Hitler, on the outlook.

## A Great Turk

By ELMORE PHILPOT

KAMAL ATATURK, the first of the modern dictators, is dead. Kamal was not typical of the modern rulers except that he seized the power in Turkey. Unlike Mussolini and Hitler, his chief concern had been to build up in his country a system of government which could survive him. He left Turkey with a lot more machinery for self-government than he found when he came into power. Probably no man in our century did more to improve the living conditions of his countrymen than Kemal did in Turkey.

Kamal was not born in Turkey but in Salonika. Hitler was not born in Germany but in Austria. Pilsudski was not born in Poland but in Lithuania. The most fanatical of modern patriots are those who are taught in their earliest years to idealize their motherland in comparison with the land of their own residence.

A variation of this phenomenon is the sentiment of those who leave their own country and, as they grow older and older, still picture it as possessing all the virtues which they saw with the bright and innocent eye of childhood. I read last week an article by a resident of Vancouver Island who returned to England this year to be puzzled and horrified by what she saw as the bankruptcy of ideals as compared with those of the England she thought she knew as a child. I wonder how much of this change was in England and how much in the observer?

I remember attending a dinner on a daily newspaper once and hearing its virtues lauded by the old-timers. The theme of their refrain was that "the paper is not what it used to be." Then one of the wisest leaned over and whispered, "It never was!"

There has been a tremendous change take place in thinking in all western countries. This is, I believe, that the vast majority of the people are not satisfied that our institutions are really based on rightness or righteousness. Especially is this true in the field of international relations. In this sense, things are not what they were. But there will be changes.

## Jew Persecution Protested Here

Resolutions Passed at Public Meeting Against Germany's Actions

Protest against the persecution of Jews in Germany was made at a public meeting of approximately 500 citizens of Victoria last evening, in the Chamber of Commerce auditorium, when two resolutions were passed unanimously, which follow:

(1) That the meeting of protest requests the Prime Minister of Canada, to have transmitted to Germany an official protest against the cruel and organized persecution of the Jews.

(2) That the meeting of protest requests the Prime Minister of Canada to take steps in co-operation with the rest of the British Empire and the United States to help find places of residence for Jewish refugees from Germany.

The meeting was held under the auspices of the League of Nations Society of Canada, Victoria branch, with Capt. Elmore Philpott in the chair.

Among the speakers heard were: Bishop H. E. Sexton, Bishop J. C. Cody, Rev. Bryce Wallace, Rev. F. Comley, R. W. Mayhew, M.P.; Mrs. H. P. Hodges, Mrs. D. Steeves, M.P.P.; H. Anson, M.P.P.; Alan Chambers and Charles Chivers, Victoria Trades and Labor Council.

### DUTY TO PROTEST

Before introducing the speakers, Capt. Philpott said that there were 500,000 human beings in Germany today in tragic plight. It was the duty of any democratic country to protest, even if nothing came of the protest. The democratic world had to learn to fight the battles of democracy with democratic methods.

What was happening in Germany was likely to happen on a much larger scale in the near future if nothing were done now.

Mr. Mayhew said that he believed that justice would come to those who had treated others unjustly. The suffering of Jews in Germany was unbelievable, yet there were lots of people, other than Jews, who were being made to suffer just as much. This must be remembered, he said, but Canada must do her share to alleviate the plight of the Jews.

In his address the Bishop of Victoria stressed the fact that the Jews were being persecuted because of reasons over which they had no power.

"From the viewpoint of Christianity," he continued, "sacred humanity came to us through Jesus Christ, who was born a Jew."

### RACIAL PERSECUTION WORST

Mrs. Steeves said that of all

the atrocities that had happened through the ages racial persecution was the worst. The Great War beat the Germans to the ground, she continued, and out of that the present condition had arisen. Each democratic country of the world should take its quota of the Jewish refugees.

Mrs. Hodges in voicing protest said that the persecution of the Jews was an expression of the madness of Hitler. His works in due course would react upon him.

The horrors that were being carried out said little for modern civilization.

Mr. Chambers said that it was the duty of Christians to offer a sanctuary to the Jews. The moral law that operated in the world today would come back upon Hitler's head for the deeds he was doing.

Mr. Anson said that the world had seen similar conditions when Italy went into Ethiopia, Japan attacked China and Spain fought within herself. In each of those cases, he continued, some protection to the oppressed was given. This was not so for the Jews in Germany though. Christianity and democracy had to stop that sort of thing. Canada could do nothing else but support the Jews in Germany.

### NATIONALISM FOR GOD

"Nationalism had been put in the place of God," the Lord Bishop of Columbia said, with regard to the persecution of the Jews in Germany. And not only were the Jews being treated badly, but both Catholic and Lutheran people were being given similar treatment.

Australia and New Zealand had come through to give aid. It was Canada's duty to help.

Mr. Chivers said that Canada should refuse to buy anything made in Germany or any other Fascist country, which included Japan.

Mr. Wallace said that the situation in Germany today of the Jews was taking place because of the Fascist regime. Canada should open her doors to the refugee Jews.

Mr. Comley said that the Bible should be read more, then situations such as existed in Germany would not arise.

### Discover Cause of Radio Interference

Radio interference affecting most of the city during about 7.30 to 8 each evening has been traced as being caused by a doctor's violet-ray machine, E. J. Haughton, division superintendent of the radio division of the Canadian Government announced Saturday.

The use of the machine will be restricted, and an intense research is being carried out, with view to stopping the interference, Mr. Haughton said.

The interference is heard more strongly in the Fairfield, Spring Ridge and city districts, and takes the form of a heavy buzzing or rushing noise.

### Arion Club Will Sing Wednesday

The first concert of the 47th season of the Arion Club will be given November 30 at the First United Church. A fine selection of music has been arranged and several of the younger members of the choir will be heard in solos.

As assisting artist, the club will present Mrs. Eunice Prosser Crain, native daughter of Victoria, and now of Tacoma, Washington. Mrs. Crain is an accomplished violinist and is widely known on the concert stage throughout the United States and Canada.

## New Hudson Smart Car

Models for 1939, Now at Jameson Showrooms, Last Word in Construction

Hudson Motors of Canada Limited has three new lines of cars for 1939 and in the words of vice-president Ross Mackinnon, "a desire to set new standards of safety, in so far as design and engineering can contribute to this objective, for modern motoring." They are now on display in the showrooms of the Jameson Motors Limited, 740 Broughton Street.

Noted throughout the industry for years as a pioneer in new developments, Hudson in 1939 is still maintaining its reputation in this respect. With four years of owner-driver experience behind it in steering-column gear-shifts, its hydraulic-plus-mechanical braking already well established with the public and both these major features standard on all models, this company has been able to turn other striking innovations. Auto-poise control is introduced for the first time—a new mechanical device which keeps the front wheels on a straight course despite bumps, wind-pressure or road hazards.

All models, including the 112, are finished in lacquer, with seven choices of colors. This finish, in addition to having many advantages over enamel such as retouching scraped or damaged sections, permits the use of opalescent finishes, not obtainable in other finishes and four color choices in this lacquer are available. Lacquer is hand-rubbed, with extra heavy coats applied to eliminate thinness due to the rubbing and extra coats on projecting surfaces. This goal of long-wearing quality has been carried into the interiors also, with masonite panels being used on all doors instead of the conventional cardboard, which is susceptible to moisture.

Mr. Chivers said that Canada should refuse to buy anything made in Germany or any other Fascist country, which included Japan.

Mr. Wallace said that the situation in Germany today of the Jews was taking place because of the Fascist regime. Canada should open her doors to the refugee Jews.

Mr. Comley said that the Bible should be read more, then situations such as existed in Germany would not arise.

### Inn Report Gratifying

Satisfactory Balance Shown in Accounts of Sunshine Inn

A satisfactory balance in accounts is shown in the operating report of Sunshine Inn presented last week by Alderman B. J. Gadsden, Inn manager, to his directors.

Alderman Gadsden stated 403,099 meals had been afforded free of charge at the Inn from the date of its opening October 31 and added an average of 169 needy had been fed over the period of 2,492 days.

The report was adopted and a vote of sympathy extended to the family of the late F. A. Lindsay whose generosity to the Inn was highly appreciated.

Alderman Gadsden's report read in part as follows:

"The Greater Victoria Community Chest has proven a source of very much satisfaction. We have had apportioned to us for this year the sum of \$3,000, but we have not required to call for the full amount. Individual donations from voluntary sources in the way of cash, which includes the 'gift box,' have amounted to \$256.98. We have also received commodities donated which are valued as they are received and amount to a total of \$551.02 in the ten-month period from January to October, inclusive."

"Mrs. A. G. Beaven of Beach Drive, Oak Bay, paid for the repair and renovating of the inside of the Inn."

"Twenty-three thousand and fifty-six free meals have been provided this year to October 31. From these surveys made at different periods it is found that the average age of recipients is at least 54 years, that 80 per cent of applicants are residents of Greater Victoria, and 20 per cent consists of a floating type, most of whom are younger men, transients mainly. Of all applicants there are about 50 per cent who have had a trade above common labor, but a great percentage are unable to do work on account of age. About 50 per cent receive some small amount of municipal or provincial relief."

"I have received very fine co-operation from my assistant, W. G. Nettleship, and the other members of the staff."

### CATHEDRAL SCOUTS

A meeting of the 2nd Cathedral Boy Scouts Troop was held Monday night at headquarters under Patrol Leader Hill-Tout. Several tenderfoots were invested under the charge of Major Wise, who presided at the meeting. Badges were presented to many of the scouts, among which was a first class badge to Patrol Leader Macmillan.

### Results Will Delight You or DOUBLE YOUR MONEY BACK

Just put FREEZONE on that aching corn and if the way it relieves pain and brings you comfort doesn't satisfy you return the bottle you bought to the makers, address on package, and we will gladly send you a check for twice what you paid. This sensational offer is possible because millions of folks are proving daily that this liquid FREEZONE is the way to remove hard and soft corns. FREEZONE loosens corn so that in a few days you can lift it right off easily with your fingers. Get a bottle from your druggists and try it. Remember: Results satisfy or DOUBLE YOUR MONEY BACK.

## TONE UP YOUR LIVER

TAKE JUST 2 BEECHAM'S TONIGHT

Your liver is the largest gland in your body—very susceptible to "food poisoning"—very liable to become choked when intestines or kidneys fail to do their duty. Take a bedtime dose of Beecham's Pills, and every sign of upset liver is gone in the morning. Beecham's will banish pasty complexion, yellow-tinted eyes, coated tongue, lost appetite, sick headache and biliousness. Beecham's Pills are purely vegetable, gentle, reliable, non-habit-forming.

## Bruyere Lines Crepes With Woolen

By RACHAEL GAYMAN  
 PARIS (CP-Havas)—Creme de-  
 chine prints, hitherto exclusively  
 worn on fine, mild days, now  
 take their place among winter  
 materials, thanks to a clever arti-  
 fice used in the latest Bruyere  
 collection.

Bruyere lines the crepe de-  
 chine completely with wool of a  
 color similar to that of the print.  
 By binding both tissues together  
 through several skillfully dis-  
 guised stitches both materials  
 have the semblance of a single  
 whole.

The wool chosen usually is so  
 supple the crepe cloth loses none  
 of its comfortable qualities and  
 gives milady's ensemble a  
 warmth hitherto unknown, with-  
 out diminishing in the least from  
 its elegance.

Among the collections is a  
 gown in white crepe print with  
 designs of range and yellow bou-  
 quets, lined with a sulphur yellow  
 woollen material, and comple-  
 mented by a redingote with  
 heavy cheviot flares of the same  
 color as the wool.

**5 SHADES WHITER!**

No wonder the New Improved Rinso  
 is taking Canada by storm!

IT'S THE GRANDEST SOAP I EVER  
 USED...A LITTLE GIVES OODLES OF  
 LONGER-LASTING SUDS. A 10-MINUTE  
 SOAKING LOOSENS ALL DIRT...SAVES  
 HARD SCRUBBING. CLOTHES COME  
 OUT THE WHITEST WHITE

All over the country women are  
 discovering that, cup for cup, the  
 New Rinso gives over 25% more suds  
 than the old. Even in hard water, these  
 richer suds last nearly a third longer  
 than ordinary suds.

Most important of all, these active  
 suds soak clothes at least 5 shades  
 whiter than ordinary soaps do—and  
 get colours much brighter with perfect  
 safety.

Clothes last longer  
 In tub washing, Rinso's energetic suds  
 soak out dirt in as little as 10 minutes.  
 Yet you can soak your clothes in Rinso  
 suds for an hour—or overnight, if you  
 wish—and be certain that everything is  
 safe. This gentle "no-scrub" way to

wash clothes makes them last 2 or 3  
 times longer.  
 Rinso is recommended by the makers  
 of 26 famous Canadian washers. It's  
 grand for dishes and all cleaning. Its  
 creamy suds soak off grease in a twinkie.  
 Dishes, pots and pans come sparkling  
 clean without a trace of greasy film on  
 them. The New Rinso is kind as ever  
 to hands. Try it!

TUNE IN "BIG SISTER" Rinso's famous dramatic daytime show featuring  
 Alice Frost and Martin Gabel. Every Monday  
 through Friday over C.B.C. Network. See your local paper for time and station.

Mrs. Conway Parrott, who will be in charge of the candy  
 stall at the doll bazaar which the Junior W.A. will hold at  
 the Jubilee Hospital Nurses' Home on Wednesday afternoon.  
 Mrs. R. W. Mayhew will open the affair at 2.30.

# Crimson Tide Really Rolls

## Sports Mirror

By PETE SALLAWAY

IT GOES without saying that Seabiscuit was the best running horse of any age racing in the United States... or anywhere... in 1938.

Any thoroughbred capable of running War Admiral into the ground at equal weights is a great one. The son of Hard Hack is one of the finest of all time. The foremost three-year-old on American tracks this year was Stagehand. The filly, Jacala, ran the son of Sickle a close second.

Among two-year-olds, our choice goes to the colt, El Chico, with Porter's Mile the runner-up, and the filly, Dinner Date, next in line. Most of the good ones are now "put to bed," either to await Hialeah or Santa Anita, or spring and summer racing in the north. Seabiscuit is getting a much-needed rest in preparation for his third try at the Santa Anita Handicap. War Admiral is gunning for his second Widener Cup.

Seabiscuit, so narrowly nosed out by War Admiral last year, that he was given a special plaque, stamped an indelible claim on this year's championship of all ages by beating War Admiral decisively in their great match race. Last year, Seabiscuit made a record which gives him the honor of being the greatest four-year-old that ever stepped on a North American track. While his record this year does not appear as good on paper, he was still able to compile a splendid record.

Seabiscuit prevailed in six of 11 starts, got four seconds, and one third, and earned \$103,395. His record was made in a race attributable to heavy weight which he always carried. Few will ever forget his heart-breaking defeat by a nostril at the hoofs of Stagehand in the \$100,000 Santa Anita Handicap, in which he was carrying 130 pounds to 100 on Maxwell Howard's star. Rosemont nosed him out in this rich fixture the year before. War Admiral, with nine victories in 11 starts, rates second only to Seabiscuit. He finished the season with an easy victory in the Rhode Island Handicap, and earned \$90,840. Though he finished the year a very drawn and jaded horse, he proved that he could win at all distances up to two miles.

War Admiral made a large part of his record at the expense of the great mare, Esposa. Another truly great mare was Jacala, the three-year-old, best of her sex both last year and this. Among the older horses, Pompono, Snark, and Ligartotti deserve strong mention, as does still another excellent mare, Marica. The three-year-old situation is one in which any one of half a dozen colts could be selected. You can get plenty of argument to the effect that Jacala, the filly, was superior to the colts, although she did not go to the races until September. When Stagehand was right he showed electric speed, much more so than did Lawrin, good though he was, or Dauber, the plodder. Stagehand's track record-breaking victories give him the palm.

Bull Lea, Menow, and The Chief were not much more than high-class sprinters. Nedayr was an in-and-outer. Thanksgiving and Cravat, though good, were not up to Stagehand. Great Union, great in the fall, was not so much earlier in the year. The two-year-olds were an unusually good bunch, boasting more pretensions to future class than is generally the rule. Unbeaten El Chico won seven straight, including the United States Hotel, Hopeful, and Junior Champion. Starting improvement by Porter's Mile, new holder of a world record of 1:14 2/5 for six and one-half furlongs, makes him a very close second to El Chico, but on current form the latter rates being in front.

Thingamabob might possibly have been the best of his age had he not been killed in action, and a like honor might have gone to Hauca had not a similar fate struck her down. They were killed within a week of each other at Saratoga when championship honors seemed to be theirs. Strangely, this was the fate suffered the year previous by Skylarking. Experts said all three possessed almost unbelievable and unbeatable speed.

## Victoria's Rep Rugger

Smother Varsity 27 to 11 In McKechnie Cup Clash

By BOB DRUMMOND-HAY

VANCOUVER—Victoria's Crimson Tide, an unknown quantity a couple of days ago in this season's McKechnie Cup race, today wore the laurels of victory proudly, after smashing and hammering the powerful Thunderbird "wonder" team into submission with a barrage of uncanny drop kicks and place-kicks here Saturday at Varsity Stadium.

Not only did the Capital City fifteen prove the Varsity to be anything but the squad it was cracked up to be as the Victorians humbled the Birds 27 to 11, but they established themselves as a serious threat in this year's Big Three series.

Harry Barber and Jack Grogan sparked the Victoria reps to a victory that had Coach Wally Brynjolfsson, Manager Jack Rowland, and ardent rugger fan, Alan Chambers, jumping up and down on the bench. While full-back Grogan and stand-off Barber took hero roles in Victoria's great win, the reps showed team work at its best. They clicked from the opening whistle and had a doggedly fighting Thunderbird fifteen as slap-happy as a broken-down pug before the time was up.

Midway through the second half Referee Buster Woodward collapsed from a fit of epilepsy and was replaced after a 10-minute interval by E. L. "Buck" Yeo.

Varsity supporters thirsting for another Thunderbird victory, were quiet as Victoria set the blue and gold warriors back on their heels. Grogan converted two tries and kicked three penalty goals, three of them from over 30 yards out, but it was Barber who put inspirational spirit in the team with a sensational drop-goal early in the first half, followed it up with a similar score later in the game and pulled off a smart run, resulting in a try close to the finish.

**LOCAL PACK GOOD**

Tackling honors went to rep selection second choice Ferguson who threw Varsity's super men Strat Leggett and Howie McPhee for a loss at every opportunity. The East Indian Thunderbird forward, Ranji Mattu, spoiled Varsity's chances time and time again in the scrum as he persistently played offside. Doug "Stoop" Bray outhooked his Thunderbird contemporary all day while Victoria's "one man scrum" "Tor" Young was invaluable as the local pack outplayed Varsity.

The psychological effect of a drop goal was bad medicine for the blue and gold, and they folded up completely when Barber hoisted another one after Grogan kicked two penalties and a conversion. Leading 7 to 5 at half time Victoria rang up 20 points in the final session.

Something in the nature of a question mark in his assignment to the scrum-half position, Bill Smith of the Navy turned in a (Turn to Page 10, Col. 4)

## Dominoes Win Trophy

Defeat Seattle Homes 41 to 30 to Capture Intercity Basketball

First basketball trophy of the season will adorn the silver cabinet of the Dominoes. Victoria's fast-traveling squad won their international series against the Seattle Home Undertaking outfit at the High School gym Saturday night when they scored their second straight victory 41 to 30. Dominoes won the opening clash of the best of three series Friday night 44 to 39.

Despite the fact they were without the services of Harry Kessler, who returned home after suffering a cut eye Friday night, and played better than three-quarters of the game without the services of Jack Mottishaw, suffering with an injured leg, the Homes made a great scrap of it for three quarters.

Brand of basketball was not as good as in the first game, but play was just as tough, with plenty of body contact and stiff checking. A couple of times the boys really pushed each other around and the referees had to call double fouls to stop the rough tactics. Both teams played hard basketball and the fans enjoyed the fracas as the score was good and close most of the time.

Clicking in the second half after heaving the ball anywhere but through the hoop in the first half Hank Rowe led the Dominoes' attack with 11 points, all counted in the final 20 minutes. Art Chapman, Roy Taylor and Jackson contributed eight each.

## Oak Bay and College Win

Score Decisive Triumphs in Intermediate Rugby Tilts

Victoria College ruggerers climbed up to take over the second berth in the Heyland Cup race Saturday afternoon and Oak Bay Wanderers retained their coveted position at the head of the class in the intermediate league when they registered decisive victories in games at Macdonald Park. The collegians scored a 14 to 0 decision over Navy White, while Coach Mickey Murray's Oak Bay 15 took the Canadian Scottish, 13 to 3.

University School posted a 16 to 3 win over the visiting Brentwood College squad in an exhibition game Saturday.

A fractured right ankle was sustained by Bill McGillivray, College right wing, and Hughes and Adam also of the College team received slight injuries. A kick in the head was suffered by Page of the Oak Bay Wanderers.

The first try in the Wanderers' Scottish game came early. After five minutes of play Pete Palin went over to complete a fine individual 25-yard run and give the Wanderers the lead. Scottish, outwitted, perked up following the try and for the remainder of the half showed good form. After engineering some smart offensives they finally got over to even the count at 3 to 3 late in the half. Don Garrison scored the points to terminate a three-quarter line movement.

In the second half the Wanderers really came to life and with Joe Corcoran starting scored 10 points without a return. Corcoran scored a try and converted it and Scottie tried hard all through the half to break through, but failed to make the grade.

E. J. Symons refereed.

**COLLEGE WINS**

Playing a better brand of ball than their opponents and showing good team work, Victoria College shut out the sailors, 14 to 0. The collegians were smart on the dribbling attack, the first-half six points being garnered by the form of offensive. Dan Garrison and Don McMillan were credited with scoring the points, midway through the final 35 minutes, McLean crossed the line for the eventual winners and Evans' kick was true to add two points. Ogilvie went over the line near the end of the game to finish the scoring.

Bub Pangman refereed.

## Annual Meeting

The Victoria and District Cricket Association will hold its annual meeting in the Colonist board room, December 13 at 8. Reports on the last season's activities will be submitted by the retiring officials and officers for the next year will be named. All clubs are asked to have delegates present. G. H. Harman, association president, will be in the chair.

## Dominoes Win Trophy

Defeat Seattle Homes 41 to 30 to Capture Intercity Basketball

who carried the brunt of the Seattle attack throughout the 40 minutes, split 24 points between them. This pair really played hard and their shooting and passing was worth the price of admission. Both boys showed the crowd some beautiful fadeaway shots.

Despite the hard play, only 18 personal fouls were called, 10 on Seattle and the remainder on the Dominoes. Dominoes lost Art Chapman on personals and Seattle Joe Murray, both in the final quarter.

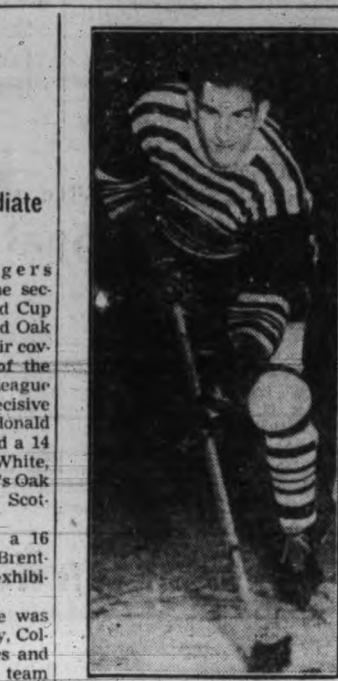

Dominoes were in front 10 to 4 at the end of the first quarter and 15 to 13 at the half. Their lead was 25 to 22 at three-quarter time. Seattle crept up to 25 to 24 in the last quarter and came close to 30 to 29. At that point the locals put on their final scoring drive and counted 11 points to the visitors' two.

In preliminary games, Midland Miners defeated Harris Cyclists 36 to 14 in the Sunday School League and Eight Aces defeated Caves 22 to 17 in the intermediate A division of the city league.

Tim McCulloch, Seattle, and Bill Levy, Victoria, refereed. Teams and scores in the inter-city game follow:

Dominoes — C. Chapman 2, Rowe 11, A. Chapman 8, Taylor 8, Jackson 8, Davies 4, Mylrea and Webster.

Seattle — Mottishaw, Walker 12, Murray 3, Smith 1, Corrigan 12, Fountain 1, Davidson 1 and Johnson.

STARS IN MAJOR HOCKEY GAMES—The two players, seen above, played important roles in National Hockey League games last night. Johnny Gottselig, left, scored the only goal as Chicago Black Hawks defeated New York Rangers and Dit Clapper, right, notched two counters in Boston's 8 to 2 triumph over New York Americans.

## Trial Soccer Game

Press Reds and League Blues Meet Saturday at Athletic Park

Soccer fans of Victoria will see a new departure on Saturday afternoon at the Athletic Park when a trial match is staged between all-star elevens. The clubs will be known as the Reds, selected by the press, and the Blues, chosen by league officials from the remainder of the Victoria and Wednesday Leagues.

The kick-off will take place at 2:45, with Dave McMillan as referee.

Both Saturday and Wednesday players have been selected on the teams and the match should produce some first class football. The object of the trial game is to give players an opportunity to get some real practice before the next Intercity League match here on Boxing Day.

Every player in Saturday's match will have a chance to make the United Intercity eleven, and as a result the boys will be out to do their best.

The teams announced today follow:

Press Reds—Goal, Wally Rowe and Louis De Costa; backs, Leggett and Cook; half-backs, Robinson, Roy Barnes and Robbins; forwards, Gordie Bell, Nip Sage, Eddie De Costa, Morgan and Payne. Utility, Jack Okell and Alex Ross.

League Blues — Goal, T. Restall; backs, Wilkinson and Bobby Bell; half-backs, Thompson, C. Restall and Bissenden; forwards, Hope, Scotty Stewart, E. Barnes, Worswick and G. Barnes. Utility, M. Speller, Halkett and Cooper.

**PRACTICE WEDNESDAY**

Wednesday evening Bill Milligan, manager of the United team, has called a practice at the Athletic Park, starting at 7. If the weather threatens the workout will be held indoors. The following players are asked to attend:

W. Rowe, E. De Costa, L. De Costa, Ross, Geddes, Robinson, Raeside, Cooper, Ghent, Jack Okell, Kennedy, L. Speller, T. Restall, Wilkinson, Bobby Bell, Thompson, C. Restall, Hope, A. Stewart, Worswick, G. Barnes, Barnswell, Bissenden, Halkett, R. Barnes, G. Robbins, Morgan, Gordie Bell, Payne, Leggett, Cook, Nip Sage and M. Speller.

## FINE BASKETS OF GRILSE ARE TAKEN

Scores of fishermen invaded Saanich Inlet yesterday for a taste of winter grilse fishing and practically all secured good baskets of the sporty little fish. Catches of 10 grilse to a boat were quite plentiful and there were many more anglers who enjoyed larger catches.

Abalone spoons were the best lure yesterday.

## Portland's Ice Victory Costly

SPOKANE—Old Man Jinx may do what the other teams of the Pacific Coast Hockey League have failed to accomplish so far this young season—trip up those unbeaten Portland Buckaroos.

As the Bucs shaped out a 3 to 1 win over Spokane Clippers last night to increase their string of games without a loss to nine, Aubrey Webster and Red Conn hit the casualty list.

STARS IN MAJOR HOCKEY GAMES—The two players, seen above, played important roles in National Hockey League games last night. Johnny Gottselig, left, scored the only goal as Chicago Black Hawks defeated New York Rangers and Dit Clapper, right, notched two counters in Boston's 8 to 2 triumph over New York Americans.

## Retain Saanich Shuttle Crown

Defending Champions Still on Top as Annual Tournament Concludes

Shuttle crowns remained on the heads of their respective wearers Saturday night as the annual Saanich badminton tournament came to a close on the courts of the Brentwood Sports Club.

George Lane battled a desperate fight against young Jimmy Watt before he finally defeated his opponent to retain his men's singles crown, while Joyce Thomson was hard pressed by Miss Hughes in keeping her women's singles title intact. Men's doubles honors went to Jimmy Watt and Drennan Hinkins, while Misses M. and P. Sluggett disposed of Miss Thomson and Miss B. Beaumont to keep the women's doubles title for another year.

In his match with Watt, Lane took the opening set, lost the second round but came back to win the final 18-16. Joyce Thomson defeated Miss Hughes with scores of 11-6, 5-11, 11-8. Watt and Hinkins trimmed Don Fish and Frank Tyrrell in straight sets for the men's doubles. The mixed doubles final saw the hardest-fought match of the evening as Miss P. Sluggett and Watt scored a three-set win over Miss Thomson and Hinkins.

Following the finals, Mrs. Maurice Atkins, wife of the president of the Brentwood Badminton Club, presented the various prizes to the winners and runners-up. Other results follow:

**Women's Handicap Doubles**

Misses L. Thomson and J. Carrier (4-1) defeated Misses F. Oates and D. Swayne (8-10, 10-15, 15-10).

**Men's Handicap Doubles**

P. Tolson and G. Ballantyne (6-1) defeated V. Martin and R. Dodwell (scratch), 15-12, 15-12.

**Mixed Handicap Doubles**

Miss B. Martin and J. Wells (4-1) defeated Miss B. Atkins and R. Knott (1-13, 15-3, 15-11).

## Hockey Leaders

Johnny Gottselig of Chicago picked up a goal and two assists during the week-end to go into a first place tie with Tommy Anderson of New York Americans for the National Hockey League scoring leadership. Each has six goals and five assists.

Americans dominate the big seven with three other players—Eddie Wiseman, Dave (Sweeney) Schirmer and Nels Stewart—among the leading pointmakers. Leaders follow:

G.	A.	Pts.
Gottselig, Chicago	6	5
Anderson, Americans	6	5
Wiseman, Americans	3	7
Stewart, Americans	4	5
Cowley, Boston	2	7
Blake, Canadiens	5	3
Schirmer, Americans	4	4

## Big Scores in Soccer Games

West's Defeat Thistles 7 to 2; Esquimalt Trims Victoria City 10 to 0

Goals galore was the feature of second-round soccer matches in the Freddie Price Cup Memorial series of the first division, Victoria and District Football League, on Saturday afternoon.

At the Athletic Park, the Victoria West club took the Saanich Thistles by 7 goals to 2, in a replay game. Esquimalt went on a wild scoring spree at the Heywood Avenue grounds, to wind up on top of a 10 to 0 score against Victoria City.

The Athletic Park game showed combination play and good defence work on the part of the Wests, against an inexperienced yet fighting Thistles squad.

## THREE-GOAL LEAD

The Wests were never in a tight spot, plugging in three goals in the first 15 minutes of play while Saanich was scoreless. Price, centre forward, who scored four of the Wests' seven markers, drove the first one home on a pass from Morgan, inside-left man.

Nip Sage, inside right, made the second one, and Price came through again in a scramble before the Thistle's goal, to sink the third.

A few minutes before the half ended, Hobson, centre-forward, sank the first marker for Saanich, which looked like a hand-punched ball.

A Dallimore replaced G. Jack at left wing for Victoria West as the second period started, and the Wests started to score more. Nip Sage drove in the fourth goal after a few minutes of play, and Price made his third marker alone, about five minutes later.

Swan refereed and teams follow:

Saanich Thistles: Webster, Burgess, Bissenden, Mowat, Underwood, Ono, Hope, Hobson, Crowe, Tregellis, Alexander and M. Speller.

**ESQUIMALT WIN**

The 10 to 0 win for Esquimalt was the most one-sided soccer match played here this season.

Scotty Stewart, inside-left man, made three of the 10, brother Jim at the inside-right position, John Watt, centre-forward, and George Payne, left-winger, each accounted for two. Doug Laird, who went into the game in the second half at left-wing, sank the tenth.

Esquimalt were really clicking, which seemed to demoralize the city boys, who finally gave up. The Victoria City goalie, Gordie Chalmers, made some nice saves, but couldn't keep up with the Esquimalt forward line.

Joe Watt played a nice game in the right-wing position, which was left vacant for the day by the dockers' star, Gordie Bell.

Scotty Dowds refereed. Teams follow:

Esquimalt: Hornsby, Moody, B. Stewart, Holt, Halkett, McBay,

## J. A. Macdonald Named President

J. A. Macdonald was elected president of the Victoria Lawn Bowling Club at the annual meeting held last week. W. M. Halliday was chosen honorary president and J. E. Day was named vice-president.

The following were elected to the executive committee: D. Dewar, J. Goldie, G. A. Marconini, M. Mossey, F. B. Yates, J. T. Keating, H. A. Beckwith, E. G. Mason, C. A. Hislop and C. W. Childs. The following will be club delegates to the Greater Victoria Association: J. A. Macdonald, J. Goldie, D. Dewar, T. A. Waterworth and C. W. Childs. Provincial Association delegates are Messrs. Dewar and Macdonald. F. B. Exham will be the auditor.

It was decided to improve the club greens at Beacon Hill Park. Resurfacing will be undertaken as soon as possible.

Next year is the club's 13th anniversary, and as it is the oldest club in the province, special features will be arranged in celebration of the event.

The appointment of a secretary for the ensuing year was left in the hands of the executive committee.

Joe Watt, J. Stewart, John Watt, S. Stewart, Payne and Laird. Victoria City: Chalmers, Youson, Clancy, Glen Robbins, Condon, Saddler, Ord, Gunniss, Anson and Joe Robbins.

## Boston Sells Goalie

Tiny Thompson Goes to Detroit Hockey Club for \$15,000 and Player

BOSTON—The sale of Cecil (Tiny) Thompson, Boston Bruins goalie, to Detroit Red Wings for \$15,000 cash and an unnamed player was announced today by Manager Art Ross of the Bruins.

Thompson, only goalie to win the Georges Vezina trophy four times, will be replaced in the Boston cage by 23-year-old Frank Brimsek, now on loan to the Providence International-American League club. The latter played in the Bruins' first two games in the National Hockey League this season, while Thompson was nursing a gashed forehead.

In Detroit manager Jack Adams of the Red Wings said Normie Smith, suspended Detroit goalie, would go to Boston as part of the deal.

Thompson, now 34, has been a star since he joined the Bruins 10 years ago after a year of professional experience with Minneapolis in the American Hockey Association. The Bruins won the Stanley Cup in his first season in their net and the American division championship five times in his next nine seasons with them.

Thompson will report to manager Jack Adams immediately and probably will relieve rookie Harvey Teno in the Detroit strings. Thursday night against the championship Chicago Black Hawks, Ross said young Brimsek would join his club that same night against Canadiens in Montreal.

## Hawks Beat Rangers By Only Goal

National League Race Becomes Real Tight; Canadiens Win First

Week-end Scores  
Toronto 5, Detroit 0.  
Americans 6, Chicago 4.  
Chicago 1, Rangers 0.  
Canadiens 3, Detroit 2.  
Boston 8, Americans 2.

By mixing the handy elements of surprise, rugged collectivism and grim shinny, Chicago Black Hawks are not likely to hit the skids for long in this National Hockey League season.

The selectors would have had you think the fluttering Hawks were in a swoop towards the league depths when they failed to win in four recent starts, but the Stanley Cup holders ended their fall last night with a 1 to 0 victory over the Rangers at New York. A typical last-minute stroke sent them seudding upward into a first-place tie.

Johnny Gottselig, as good a pinch-hitter as they come, nicked a goal with two minutes to play and Bill Stewart's unflappable team left Madison Square Garden locked in front with New York Americans and Boston. Rangers would have gone to the front alone with a victory.

Americans, after trimming the Hawks' 6 to 4 Saturday night stepped ahead alone, but Bruins knocked them down with an 8 to 2 wallowing last night at Boston. Toronto Maple Leafs advanced into what became a tie with Rangers, just a point behind the co-leaders, by shutting out Detroit Red Wings 5 to 0 at Toronto Saturday. And Montreal Canadiens, to complicate things more, scored their first win of the season last night at Detroit, mounting to within a point of the sixth-place Red Wings.

**STIFF CHECKING**

Chicago's victory was accomplished by the accustomed Hawk practice of checking and checking some more, then swiftly taking advantage of a break. Gottselig sped in from left wing and spoiled the first-place ambitions of the club that had beaten Hawks 1 to 0 in their first meeting at Chicago.

Lorne Carr led Americans assault against the Hawks Saturday with two goals and Eddie Wiseman, Johnny Sorrell, Tommy Anderson and Nels Stewart got the others. Deslites, Paul Thompson, Doc Romnes and Mush March scored for Chicago.

Boston Bruins were full value for the decision over the spangled shirts. But the size of the margin was partly attributable to the fact that Americans were playing their third game in four nights and cast caution to the winds once they got behind.

Dit Clapper scored two first-period goals and Ray Gettiffe another and Bill Cowley made Bruins' advantage 4 to 0 in the second. Then Americans took to five-man dashes and Mel Hill and Gordie Pettigrew broke away for goals. Nels Stewart and Hooley Smith revived New York hopes by scoring in quick succession, but Gettiffe and Cooney Welland dashed them again by finishing off the Boston total.

Goalie Harvey Teno wasn't at fault at the lambasting Detroit suffered at Toronto. Gus Marker tricked the Detroit defence out of position for one pretty goal and Syl Apps slipped right through for another. Bingo Kampman blasted the first score from the blue line and Pep Kelly and Jimmy Fowler got the others from in close on breakaways.

**FIGHTS SEEN**

Kampman, coming fast as a bumping, rushing defenceman, got mixed up with Eddie Goodfellow to start a fight that led to another and in the end to eight penalties, four of them majors.

It was Canadiens' desperation and the racing skates of George Mantha that won at Detroit. Eddie Wares gave the Wings an early lead and scored again after Toe Blake and Mantha had put the Habits ahead. But Mantha, the flying farmer from Ste. Rose, Que., combined with Rod Lorrain (Turn to Page 10, Col. 3)

## Beaux-Arts in New Triumph

Drama Festival Winners Scores Success With 'The Shining Hour'

Victoria Beaux-Arts, winners of the 1937 Dominion Drama Festival, maintained their high standard in presenting at the Empire Theatre Saturday night Keith Winter's three act play, "The Shining Hour." It was one of the best amateur performances of its type Victoria has seen for a long time and by popular request, will be repeated next Friday night at the same theatre, starting at 8.

The play gave unusual scope for the emotional and dramatic talent of the club's players, under the direction of Nancy Pritchard and Raymond Guyler. Each was given a high spot during the course of the plot and handled it well.

It concerns the love of a well-settled gentleman Yorkshire farmer and his sophisticated sister-in-law, who has just been brought back from abroad by his brother. The love scenes and tragic consequences brought out some exceptionally fine talent.

It was perhaps unfortunate for the other players that many of the situations were dominated by the excellent performance of Nancy Pritchard, who, at the last minute took the part of Hanna Linde, the old-maid sister, because of the inability of Leila Harris to appear. But she lent the professional touch to the rest of the cast that brought out their best.

Anne Piers, as Judy Linden, the

unloved wife, gave to a difficult role a careful characterization which reached its high mark in an emotional climax that did real justice to the part. As Mariella Linden, the new sister-in-law, Jill Scott overcame a certain amount of nervousness at the beginning to achieve an assurance that won her wide approval.

Richard Gatehouse, as Micky Linden, the younger brother, handled himself with just the degree of lackadaisical boisterousness the role called for and Bert Bailey, in the lead part of David Linden, gave an excellent account of himself, particularly in the final act when his nerves reach the breaking point. Jack Rutten gave the solid matter-of-fact air to the part of Henry Linden, the brother, who misunderstands his wife.

Adding to the complete performance was the excellent setting of an interior of the Yorkshire farm home. It was a copy of the original set by Aubrey Hammond, and was designed, built and painted under the direction of Anthony P. H. Hanington, stage manager for the club.

splendid performance. To the Doheny boys honorable mention should also go for their fine work in the scrum. Varsity's points were scored on a smart run by Howie McPhee in the first half, a conversion and a penalty kick but they were hardly in the picture except late in the first half when McPhee went through.

Teams follow:

Varsity: Johnny Bird, fullback; Strat Leggatt, Harry Lumsden, Howie McPhee, Tod Tremblay three-quarters; Ted McPhee five-eighths; Sandy Lang halfback; Alan Wallace, Andy Jenkins, Fred Billings, Tommy Robson, Ranji Mattu and Jim Harmer forwards.

Victoria Reps—Jack Grogan fullback; Doug Willard, Joe Roberts, Bill Halkett, Jack Ferguson three-quarters; Harry Barber five-eighths; Bill Smith halfback; Frank Doheny, Bob Mair, Doug Bray, Ian Acland, Cyril Doheny, "Tor" Young, Bill Gornall and Jack Fisher forwards.

## Golf Foursomes

Quarter finals of the Dr. F. M. Bryant Calcutta foursomes trophy, played at the Colwood Golf Club yesterday, resulted as follows:

T. S. McPherson and T. H. Leeming beat H. H. Livsey and W. A. Shere.

Ken Sangster and H. P. Hodges beat R. V. Hocking and A. L. McLellan.

C. Denham and J. M. Wood beat E. A. H. Norton and D. Taylor.

A. K. Snell and N. T. Fell beat B. Hunning and W. S. Thatcher.

One of the closest matches of the tournament to date was that between McPherson-Leeming and Livsey-Shere, the former pair winning on the 22nd hole.

Semi-finals will be played Sunday: McPherson-Leeming vs. Sangster-Hodges and Denham-Wood vs. Snell-Fell.

## Response for Toys Is Slow

Scouts Appeal to Citizens For Old Playthings for Needy Children

The response for toys at the Boy Scout Christmas Toy Shop has been very poor to date, officials of the shop announced this morning. The scouts have several hundred families to furnish with toys this Christmas and would like to have old toy donations in early so that more time can be given to repairing them.

The toy shop is located at 1934 Johnson Street. Those persons who are able to are asked to bring the toys to that address. Those who are unable to transport the playthings personally are asked to telephone G 3742 and request scouts to call for their contributions.

Some of the things wanted by the shop are games of all descriptions, toys, books, dolls, woolly animals, tricycles, kiddy

cars, swan rockers and any other plaything that is not too badly worn and which can be repaired. The toy shop committee wishes to express thanks to the Empire Wood and Coal Company for a donation of fuel for the headquarters.

### ROYAL OAK

The fortnightly 500 card party was held in the Community Hall on Thursday evening, under the auspices of the Royal Oak Women's Institute. Prizes were won by Mrs. A. D. Grieve, Miss K. Oldfield, J. Nicholson and D. D. Horne. Hostesses were Mesdames H. H. Reed, H. J. Reed and A. Rankin.

In honor of her thirteenth birthday, Miss Kathleen Willoughby entertained Pamela Butcher, Helen Phillips, Ethel Oliver and Lorraine Pillow at her home on West Saanich Road, Thursday afternoon. Outdoor games and singing were enjoyed around a huge bonfire. Refreshments were served by Mrs. Willoughby.

Victoria Male Voice Choir will present a concert in the Royal Oak Community Hall, Wednesday, December 7 at 8.

Hawaii's pineapple industry is growing rapidly, whereas its sugar industry has fallen off.

## HOPE-PRINCETON ROAD APPEAL

Dave Taylor of Similkameen Sees Minister of Public Works

Urging completion of the Hope-Princeton link of the Southern Transprovincial highway, Dave Taylor, manager of the Similkameen Star at Princeton and organizing secretary of the Hope-Princeton Highway Association, conferred with Hon. F. S. MacPherson, Minister of Public Works Saturday.

The organization plans a campaign to raise \$60,000 to bridge the 11-mile gap of the 87 miles direct east-west highway by private enterprise.

Mr. Taylor expressed himself as pleased with the minister's reception. The government will carefully investigate details of the proposal and have its engineers confer with the directors of the association in order that the fund can be expended to the best advantage. Mr. Taylor was accompanied by M. A. Grainger, well-known Vancouver lumberman, and an enthusiastic supporter of the Hope-Princeton project.

# RE: Transportation Franchise

## CITIZENS OF GREATER VICTORIA:

The Joint Committee of the Victoria Chamber of Commerce and the Real Estate Board has given full consideration to the problem of Street Transportation in the City of Victoria, and believes that its successful solution is a matter of the gravest importance to every resident of the City and the adjoining Municipalities.

The Joint Committee has decided to put the following findings before the public.

It is the considered opinion of this Joint Committee that the most important points in connection with the transportation question are:

**GREATER VICTORIA SYSTEM**—The necessity for the establishment of a Greater Victoria system, comprising the City and the three Municipalities of Esquimalt, Oak Bay and Saanich.

Manifestly, it is economically more sound to call for tenders on a comprehensive basis. It is logical to assume that a system taking in the larger area of Greater Victoria can operate successfully at a lower fare to ALL the traveling public, than one confined to the City boundaries.

A Greater Victoria franchise would obviate the possibility of a successful city tenderer forcing the Municipalities to accept his operation at his own terms; or the chance that one or more of the Municipalities would be forced to accept the service of a separate company, thus precluding the decided advantages of transfer privileges and a uniform fare.

**RETENTION OF BUSINESS SECTION ROUTINGS**—The present transportation routes to and through the business section of Victoria have had an important bearing upon the development of real estate and retail merchandising. Any change in the existing routings in the business section itself or in arterial approaches to the downtown areas is bound to react unfavorably to retail merchants who have based their locations on the present thoroughfares, and to be reflected in a depression of real values and assessment.

We believe this point to be vital to the commercial and economic life of the City, and urge careful analysis of any proposed new routing.

**GUARANTEE OF RESPONSIBLE OPERATION**—Unless the proposed tender is based upon recognized transportation principles, which will allow the eventual operator to provide an efficient, convenient and safe service without loss, the ultimate result will be that the contractor will fail to carry out the provisions of his franchise.

Such a failure would result in the wholesale revision of the terms of contract to a point where a profitable operation could be maintained; or the forfeiture of the system to the City and Municipalities, which would then be forced to maintain the responsibility of carrying on the transportation system.

We consider that every effort must be made to ensure that the terms of the proposed franchise are possible of consistent application and that the City and Municipalities be safeguarded against the above contingency.

**TRANSPORTATION ISSUE TO BE SEPARATE**—We believe that the transportation issue should be dealt with separately on its own merits as apart from the issue of Power and Light, since it has been definitely stated that the B.C. Electric Railway Company will not be interested in the renewal of a long-term franchise on electric street car transportation.

This Joint Committee have endeavored to impress these views on the Mayor and Council of Victoria, but it has been apparent from the talk which was given before this committee on Tuesday, November 22, and at the subsequent meeting of the City Council on the evening of the same date that these considerations are not having any influence on the proposals which the City—through their expert—are proposing to embody in the specifications to be issued to intending tenderers.

This specification calls for the tenderers to provide a service confined to the City of Victoria only—without regard to any collaboration or co-operation with the outside Municipalities as to routing, fares, etc.

It also proposed a drastic change in the routing within the business area, which in our opinion would decidedly affect real and commercial values on Fort Street.

We leave the readers to draw their own conclusions from the facts and arguments submitted by this Joint Committee. In presenting our reasons for the above recommendations, this Joint Committee has kept in mind the three cardinal principles which govern all utility requirements:

**PUBLIC CONVENIENCE AND SAFETY  
PROTECTION OF COMMERCIAL AND REAL VALUES  
GUARANTEE OF CONSISTENT PERFORMANCE**

**JOINT COMMITTEE  
VICTORIA CHAMBER OF COMMERCE AND REAL ESTATE BOARD**

## TOWN TOPICS

Executive meeting of the Veterans of France will be held on Tuesday evening at 8, at the clubrooms.

Four motorists were fined \$2.50 each when they pleaded guilty in the City Police Court this morning to parking charges.

Rev. M. M. Stephens will give answers to questions regarding the second coming of Christ at the Christian Missionary Alliance Tabernacle, corner of Yates and Government Streets, this evening at 8.

Inquiries regarding the effect of the proposed new superannuation act on the allowances made to former street sweepers, retired when the machine system was introduced in the city, are contained in a letter received at the City Hall today.

Theft of a number of carpentering tools, including a mitre box, saw, two chisels, brace and bits and plane was reported to city police by A. Ridland, 2749 Gosworth Road. The tools were stolen during the last week from the basement of his home, Mr. Ridland said.

Performers from the Victoria Y.M.C.A. will entertain this evening at the I.O.O.F. Hall at 9. The Senior and Junior Leaders' Corps, the "Y" acrobatic squad, under Len Oliver and the wrestling and weight-lifting group under Fred Loeffler, are asked to be at the Y.M.C.A. headquarters at 8.30.

"Some Social Implications of Economic Planning" will be the subject of a lecture by Prof. Joseph Crumb tonight at 8.15, in the Central Junior High School, under University Extension auspices. Prof. Crumb, from the University of California, is substituting for Prof. Carrothers, at the University of British Columbia.

Civic employees outside staff enjoyed a smoking concert Saturday night at the K. of P. Hall, Sam Osborne presiding. Entertainers were G. Ede, Jim McMillan, Tom Crabbe, Stan Honechurch, Dick Jackson, De Girolama, Sam Merryfield, the Cornish Wizard, who held the crowd in a state of amazement with magical illusions.

Charles A. Brown, 217 Battleford Avenue, suffered a cut on the forehead and a bruised back in an accident at Fisgard and Government Streets, Saturday night, a police report said. Mr. Brown was driving on Fisgard Street when his car and another driven by Joseph Dohy, Robey Roads road, were in collision. The force of the impact swung the Brown car around and he was thrown on to the street.

Following his arrest over the weekend as he was found running near the Sidney Roofing Company plant on the Industrial Reserve, John Hughes, alias John McLean, was charged with attempted breaking and entering the company's office in the City Police Court this morning. He was remanded until Wednesday morning after pleading not guilty. He was arrested by Sgt. J. Patterson and Constables J. Blackstock and P. Atkinson.

The Victoria Short Wave Club will henceforth be known as the Victoria Short Wave Club Inc. This was announced by the president, R. Tate, at the meeting of the club Saturday in the new clubhouse on Foul Bay Road. Two transmitting tubes have been donated to the club by E. Quail and J. Hepburn Jr. for use in the club transmitter. Beginners' classes are held every Wednesday evening at the clubhouse, when instruction in radio theory and practice is given by R. Tate and P. Poulton. Anyone interested in joining the club is invited to get in touch with R. Tate, 389 Kerr Avenue, Phone G 5796.

## Grant Bargaining Rights to Unions

Disputes Law To Be Opened Up This Session in B.C. House

The provincial government, it was learned today, has agreed to meet organized labor's request for redrafting of the collective bargaining clause of the B.C. labor disputes law.

Purpose of the change will be to state specifically the rights of labor unions to act as bargaining agencies for employees in drafting agreements with their employers and in negotiating on disputes.

An amendment to the Industrial Disputes Conciliation and Arbitration Act is being drafted and will be submitted to the Legislature within a few days.

In effect, it is understood, this clause will give labor union officials the right to act as bargaining agents so long as their union members represent a majority of the employees affected by a dispute.

Union officials can also act as the negotiators when their union is in a minority, so long as a majority of all employees agree by vote to let them.

It is understood the formula now being drafted is satisfactory to the trades union leaders of the province. A delegation representing the Vancouver Trades and Labor Council recently interviewed the Attorney General and other members of the cabinet and agreement was reached on the new clause.

It is expected the amendment will open up a lengthy debate in the Legislature on the whole question of the government's labor policy. Harold Winch, C.C.F., Vancouver East, is seeking an amendment that would give labor the right to "quickie" strikes. So far, however, the government is not inclined to accept this because the theory of its labor law is that a strike should be banned until all means of negotiation and arbitration have been exhausted.

## Col. J. S. Dennis Laid to Rest

Many Attend Funeral Service Today; D. C. Coleman's Tribute

Friends and former associates from all walks of life and from many widely separated parts of the west crowded Haywards's B.C. Funeral Chapel at 3 today when Rev. G. R. V. Bolster of St. John's Church conducted simple rites for the late Colonel John Stoughton Dennis, C.M.G., D.S.O. The remains were later cremated at Royal Oak Crematorium.

Men with whom the late engineer, explorer and colonizer was closely associated acted as pallbearers: W. M. Neal, vice-president of western lines, Canadian Pacific Railway; Major Cuthbert Holmes, S. G. Porter, manager, department of natural resources, C.P.R., Calgary; Reeve R. Taylor of Oak Bay; L. C. Lytton, assistant land agent, C.P.R., Victoria, and P. B. Fowler, representing the Fairbridge Farm schools, in which Colonel Dennis was keenly interested.

The passing of Colonel Dennis at the age of 82 brought widespread sorrow across the Dominion which he served for more than half a century, first as surveyor in the northwest territories for the Dominion Government and later as commissioner of the Canadian Pacific Railway's department of immigration and colonization.

## PAYS TRIBUTE

D. C. Coleman, senior vice-president of the Canadian Pacific Railway, visiting Victoria over the week-end with W. M. Neal, vice-president of western lines, expressed the regret of himself and his company when he said:

"The very mention of the name of John S. Dennis recalls to mind the development of the Canadian prairies. In the work of peopling the plains he was a powerful and picturesque factor. He had a clear conception of his objective and to it he marched with firm and fearless steps. In the course of his long official and business career, first as servant of the state, and later as an officer of the Canadian Pacific Railway, he may have trampled on the susceptibilities of some, but nobody could deny to him the possession of those qualities which make one a distinct creative force. We who knew him well loved him, and those who did not have the privilege of intimate contact with him during life's excursion can well join with us in paying tribute to one who did much for his day and generation."

The body is at McCall Brothers' Funeral Home pending funeral arrangements.

## Jail Term for Carrying Gun

Acquitted on three of four counts arising out of his actions with a revolver at the apartment of P. H. Moonen, 1308 Douglas Street, on the evening of October 22, Herbert H. Neilson, alias James Sharp, was convicted and sentenced to six weeks in jail on the fourth charge by Judge H. H. Shandley in County Court today.

The sentence will date from October 22, when the accused was taken into custody.

The charge on which conviction was based was that of carrying a weapon without a permit. On the charge of attempted armed robbery, on which he was committed for trial, an element of doubt entered the mind of the judge and acquittal was allowed. The same action was taken on the second count of attempted armed assault with intent to rob, and another of pointing a weapon illegally was withdrawn.

There was no doubt on the point of carrying a weapon without a permit, the judge stated. The accused, according to the evidence of a taxi-driver, had been carrying the revolver while still in reasonably sound senses, Judge Shandley found.

## Aged Accident Victim Passes

Charles J. Brown, 81, Died in Hospital; Was Talented Wood Carver

Charles John Brown, 81, 901 Hereward Road, who was injured on the night of November 14 when struck by a street car on Esquimalt Road, died Saturday night at 11.30 in the Jubilee Hospital.

An inquest will be held tomorrow or Wednesday at the Thomson Funeral Home. Mr. Brown had been in hospital since the night of the accident, which occurred at the corner of Esquimalt Road and Rothwell Street. The street car was operated by Charles Cottell, 551 Ellise Street, who told police at the time of the accident he had not seen Mr. Brown until he was only six feet from him.

The elderly man had been standing on the street-car rail, Mr. Cottell said, and he had been unable to avoid striking him. Born in London, Mr. Brown first came to Victoria 35 years ago. He established a reputation here as a wood carver and samples of his work are used in the Empress Hotel and on C.P.R. boats as well as among several local business houses. In England has carvings adorn several of the finest churches and cathedrals.

He leaves a widow and two daughters, Mrs. E. H. Beane and Mrs. H. C. Horner, in Victoria; two sons, Edmund, of Victoria, and Ernest, of Shushartie Bay, B.C., and four grandsons.

## Eight Seeking Council Seats

The number of aspirants for five aldermanic seats at the December 8 civic elections rose to eight today with the announcement to enter the contest.

Mrs. McGregor, who stated her "enthusiasm for civic politics is as fervent as ever," joins the list with Aldermen W. Lloyd Morgan, John A. Worthington and Alex Peden, as well as T. W. C. Hawkins, D. D. McTavish, John Day and Charles Chivers. Alderman Archie Willis, the only other alderman whose term expires this year, has not yet made known his intentions.

Tonight the Public Ownership League is expected to nominate candidates or endorse some al-

Rome's Strange Emperor

During a visit in Rome a year ago, I found that the memory of Nero still lingers there. One guide spoke of the work to locate the remains of Nero's ghost. "For hundreds of years," said the latter, "people were in fear of passing this spot. There was a legend that it was haunted by Nero's ghost. To take away this fear, the Christians set up the church you see here now."

A fight in Rome's arena.

Nero was a Roman emperor, and some say he was the worst ruler Rome ever had. As we study his life, we see it was not in every way bad, but there were murders and other wicked deeds in it.

Nero was born in the year 37. He was not the rightful heir to the throne, but his mother, Agrippina, plotted until she made her son emperor.

Agrippina's third husband was the emperor Claudius, and she persuaded him to put his stepson in line for his place. Not long after that, Claudius was poisoned. Before his 17 birthday Nero became emperor. At least he held the office in name, through his mother was the real ruler of the empire for four years.

In the early years of his reign, Nero did things which led many persons to look upon him with favor. He made large gifts of grain to the people of Rome, and caused plays to be given which held free exhibitions in the arena. In the arena gladiators fought against wild beasts, and against one another. Often the fights were "to the death." Besides the ordinary gladiators, who were criminals or slaves, Nero ordered scores of the nobles to go into the arena and fight.

A Roman writer has left us this short account of the personal appearance of Nero:

"He was of fairly good height. His skin was bloated. His hair was yellow-brown. His eyes were grey-blue and he was short-sighted. His legs were thin and his neck was fat."

Before long, Nero decided it was time to end his mother's power, and ordered her to be put to death. This crime, we are told, brought him fearful nightmares during the nine years he lived after it was committed. He was always worried about his mother's ghost coming back to haunt him.

HOROSCOPE

TUESDAY, NOVEMBER 29, 1938  
Benefic aspects rule today, according to astrology. This date is a date to put into operation long cherished plans, but there is an ill omen for travel.

Merchants should be able to expand business and manufacturers should increase production.

The planetary government encourages independent achievement. Individuals should be more fortunate than corporations. Men who have launched important projects are under promising stars.

Secret aid to the Arabs of the Near East is prophesied as likely to produce an international situation of grave possibilities. A hidden leader is foreseen.

Liberal thinkers will attain popularity in Europe, but they will meet with misunderstanding and difficulties.

Desire for rich and costly attire is to be even more prevalent than in former years. Girls are counseled to be unselfish in their attitude toward the family budget.

Young men will be exposed to severe drains on their resources as entertaining costs mount and social activities require extravagant expenditures.

Persons whose birthdate it is have the augury of a year of good fortune. Both young men and women are likely to receive increases of income.

Children born on this day probably will be very generous. The subjects of this sign usually have broad sympathies and great energy.

Fire Loss Reported

FREDERICTON—The fire loss in New Brunswick's capital city during the 10 year period 1928-37 was \$751,276, according to a report read at an October council meeting. The heaviest loss, \$406,755, occurred in 1929 when the provincial normal school was burned.

SIDE GLANCES By George Clark

Dorothy Dix's Letter Box

DEAR DOROTHY DIX—My boy friend says that I am mistaken when I say that if a man isn't jealous of his sweetheart it means he doesn't love her. He says jealousy is not a proof of love. I say it is. Which of us is right? J. F. M.

Answer: The boy friend. Jealousy isn't a compliment, as you evidently think it is. It is an insult. When a man is jealous of his sweetheart or his wife, it simply means that he doesn't trust her. He has no faith in her honor or her affection for him, or else he would know that where she was, or with whom, she would walk straight and be faithful to him.

A man must have a pretty poor opinion of a girl if he thinks that she is such a weak and vacillating creature that she can't dance with a man without falling in love with him, or even be civil to her dinner partner without being disloyal to him. I have never been able to understand why any woman would be foolish enough to believe that a man who is not jealous of her is a good man, and believed her capable of having affairs with any stranger who came along.

The queer thing about jealous people is that their minds seem to be filled with the most rotten thoughts, and that they believe the people they profess to love to be capable of the lowest crimes. Whether this is because they themselves have no sense of honor or loyalty, and hence do not believe that any one else has, I do not know. But at any rate it is a safe bet never to marry a green-eyed man or woman.

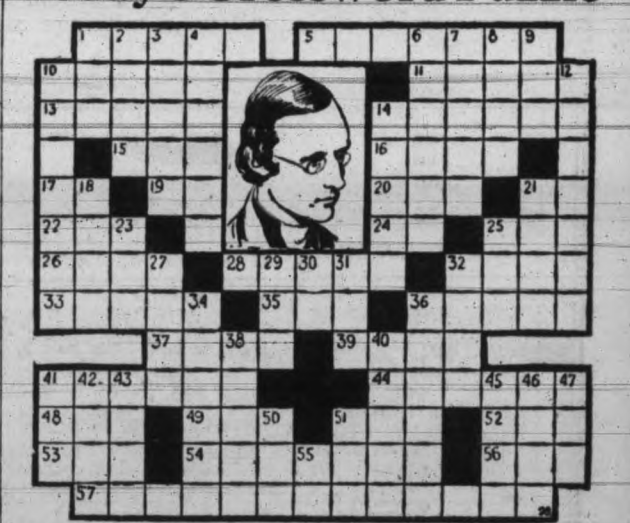

DEAR MISS DIX—Would you advise a girl who is contemplating marriage to tell her fiancé that she can never have children? Can a marriage be a success without children? E. M. F.

Answer: Certainly it would be most dishonorable for a girl to marry a man without telling him that she could not have children if she knew such to be the case. Not all men want children, but to many men a childless marriage would be a heart-breaking disappointment.

Many childless marriages are extremely happy. Because there are no children to take up the woman's love and tenderness, she bestows it all upon her husband and they seem to grow closer together and be better chums than most couples who have children. So you need not be afraid to tell your fiancé that you can expect no little bundles from heaven. He may be glad of it. But in any event he has the right to know whether there will be the patter of any little feet in his home or not, so that he can withdraw if he has the paternal instinct strongly developed in him.
